Academic Structure

In recent years, there have been several changes to the structure of the academic organization.

Most recently in 2021, School Principal K-12 certificate students and Superintendent's Letter of Eligibility students are being reported as graduate students (post-Master's certificates) rather than undergraduate students (post-baccalaureate certificates).

In 2020, we began reporting non-degree professional development students taking education courses in a new department: Miscellaneous (within the School of Education). Prior to Fall 2020, these students were reported under Miscellaneous (within the School of Arts & Sciences).

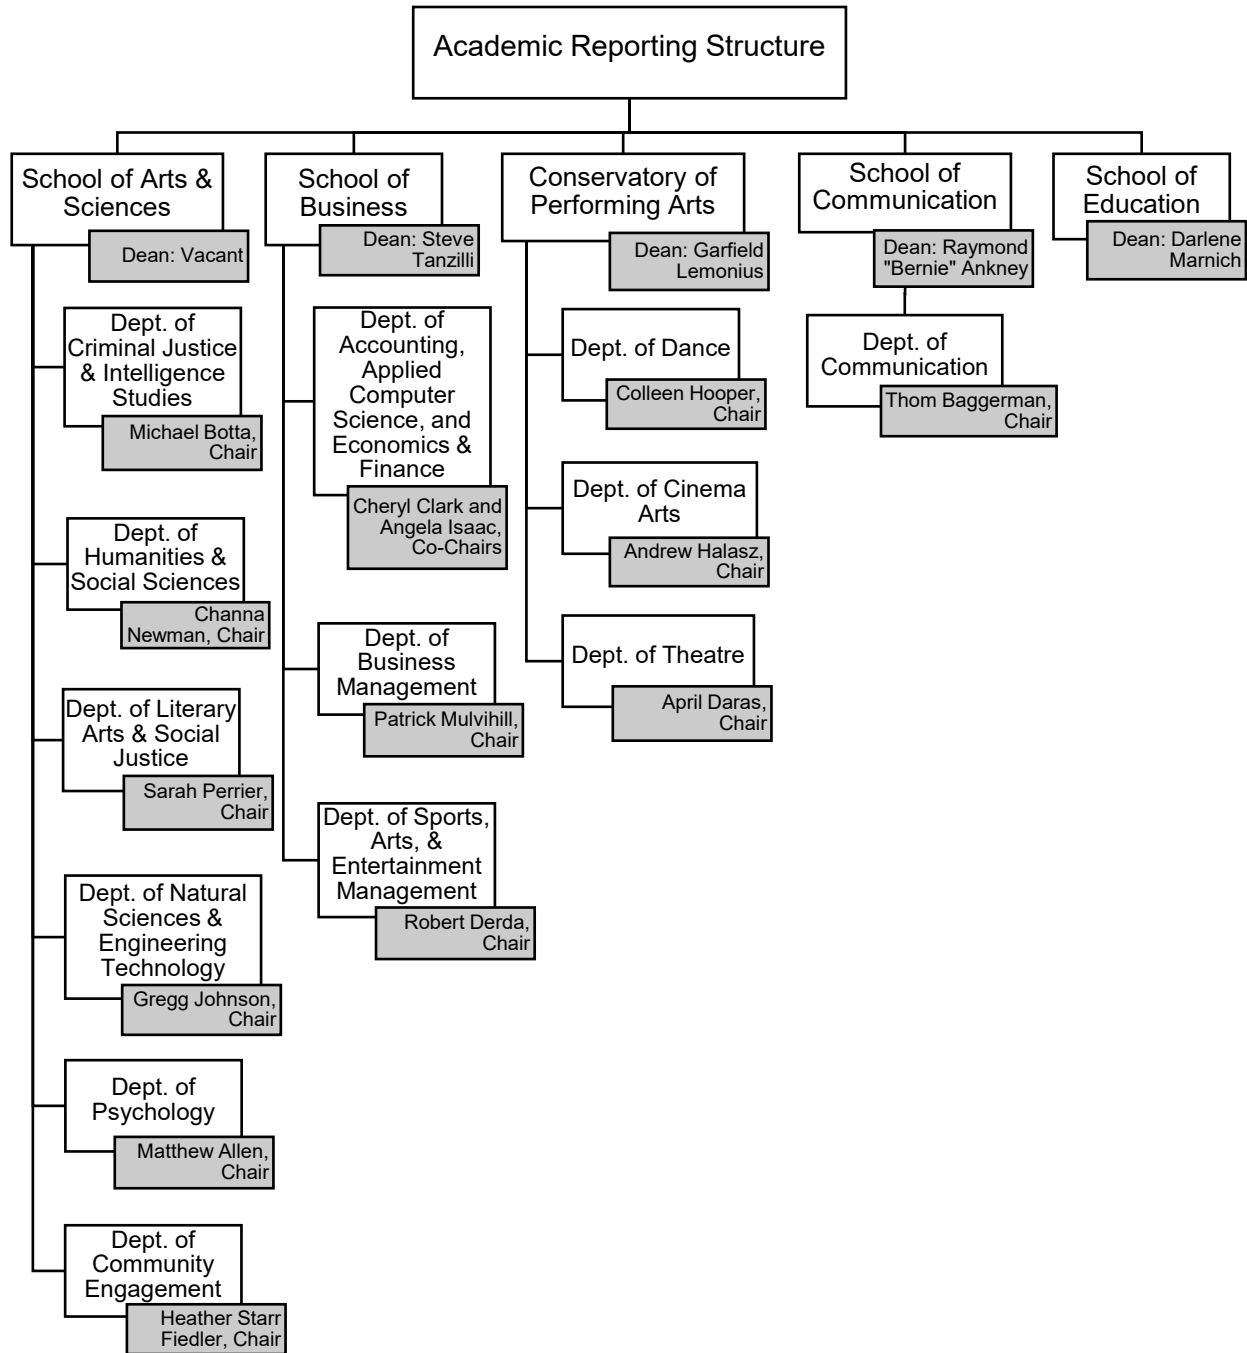

In Fall 2018, the School of Education was created, formerly a department within the School of Arts & Sciences.

In 2017, the department of Humanities and Human Sciences (within the School of Arts & Sciences) split to become the department of Psychology, and the department of Humanities and Social Sciences. Also in 2017, the School of Business was reorganized into three departments: the department of Accounting, Economics and Finance, and Information Technology, the department of Business Management, and the department of Sports, Arts, and Entertainment Management.

In 2015, the department of Literary Arts was created (formerly part of the department of Humanities and Human Sciences within the School of Arts & Sciences). In 2009, the School of Communication was created, formerly the Department of Journalism within the School of Arts & Sciences. In 2006, the department of Protective Services (now called the department of Criminal Justice and Intelligence Studies) was created from the former School of Adult and Professional Studies.

Wherever possible in this factbook, data from prior years have been updated to reflect the current structure. When not possible, a notation is included.

Enrollment

ENROLLMENT

Enrollment decreased from last year by -2% (from 3,591 to 3,505) (table 4.1). Of the 3,505 students enrolled, 73% (2,575 headcount) are undergraduate students and 27% (930 headcount) are graduate students (table 4.1).

Some other highlights include the fact that approximately 91% of undergraduate students are full-time, while only 16% of graduate students are full-time (table 4.3). The majority (71%) of Point Park's students come from Pennsylvania, (table 4.9). Also, after decreasing by -24% the prior year, the number of undergraduate students living on campus in student housing increased this fall by +11%. There are now 877 undergraduate students living on campus as compared to 791 in 2020, and 1,043 in 2019 (table 4.10). This represents 34% of the entire undergraduate student body. Further, 79% of all full-time freshmen are living in campus housing. Point Park remains an ethnically diverse university and its international student population represents 36 different countries (table 4.18).

Overall, 53 percent (1,874 headcount) of our students are from Southwestern PA counties (fig. 4.15). Within each school, 62% of Arts & Sciences, 66% of Business, 27% of the Conservatory of Performing Arts, 67% of Communication, 59% of Education, and 74% of Community Engagement are from Southwest PA (table 4.19). Southwest PA enrollment has decreased -33% compared to fall 2012 (table 4.20).

This section includes a glance at fall 2021 enrollment data, as well as a detailed account of student enrollment trends over the past five years by various demographic features. For clarification purposes, some enrollment definitions are listed below.

Enrollment Definitions:

Student enrollment in higher education is described in terms of both headcount and FTE (Full-time Equivalence).

Student headcount is the count of individual students whose administrative records indicate that they were registered in a credit-bearing course as of the university's enrollment census date for each semester. The Fall 2021 enrollment census date was September 17, 2021.

Student FTE is calculated using two different methods:

Method 1: Undergraduate FTE = FT headcount + (PT Credit Hours/15)

Graduate FTE = FT headcount + (PT Credit Hours/10)

Method 2: Undergraduate and Graduate FTE = FT headcount + (1/3 PT headcount)

Full-time Status - An individual student is classified as full-time if he or she maintains at least 12 undergraduate credits or 9 graduate credits.

Retention and Graduation Rates

RETENTION and GRADUATION RATES

Overall, first to second year retention for first-time, full-time freshmen remained at 73%. There were slight increases for both part-time undergraduate students (35% to 40%) and online graduate students (84% to 87%). Both full-time transfer student retention and online undergraduate retention decreased (-13 and -3 percentage points, respectively). And retention for traditional on-ground graduate students dropped for the first time in 5 years to 77%. See Table 5.1 for additional trend information for all student populations.

Upon closer inspection of freshmen retention, significant variation exists among the schools and departments. The biggest increases were experienced in Literary Arts & Social Justice and Sports, Arts, & Entertainment Management (+44 and +14 percentage points, respectively). The largest decreases were found in Undecided, Accounting, Econ-Finance & Computer Science, and Education (-32, -15, and -15 percentage points, respectively). Retention of freshmen who haven't decided on a major is closely studied since they are typically retained at a lower rate than students who have declared a major. This year, retention decreased thirty-two percentage points when compared to last year (77% to 45%), after seeing an increase of eighteen percentage points (59% to 77%) from 2018 to 2019. The University continues to implement strategies and assess outcomes in order to engage these students more fully to help them succeed.

The largest increases in retention for the transfer undergraduate population were seen in Literary Arts & Social Justice, and Theatre (+50 and +9 percentage points, respectively).

For traditional graduate student retention, Community Engagement and Cinema Arts were the only departments to experience increases (+25 and +10 percentage points, respectively).

Overall, after a decrease last year, the four-year graduation rate for freshmen rebounded this year five percentage points (from 49% to 54%) and the six-year graduation rate increased from 55% to 61% (see table 5.8). The largest increase in six-year graduation rates was seen in Education (42% to 75%) while the largest decreases were seen in Natural Sciences and Engineering Technology (53% to 45%) and Business Management (50% to 45%)

Each year, the Office of Institutional Research and Planning prepares detailed retention reports on the various cohorts for analysis and decision-making. These reports show aggregated data by such variables as gender, race, age, on-campus/commuter, incoming high school grade point average, SAT/ACT scores and many other items. Some of this information is available in tables 5.9 through 5.14.

Faculty and Staff

FACULTY and STAFF

This chapter of the factbook pertains to full-time faculty and staff only. Part-time/adjunct faculty and staff are very transient populations, thus making it difficult to track and include in this chapter.

Overall, in fall 2021, there were 131 full-time faculty and 252 full-time staff. The total (383) represents a decrease of -13 full-time faculty and -11 full-time staff over the prior year. When compared to four years ago, Point Park has decreased the number of full-time faculty and staff by -11% (table 7.1)

Just over half (50.4%) of the full-time faculty are female while slightly more than half (53.6%) of the full-time staff are female, (table 7.2). Only 8.9% of both full-time faculty and staff are considered being part of a racial/ethnic minority (table 7.3). This is a slight decrease from 2020 where 9.6% of full-time faculty and staff were considered being part of a racial/ethnic minority. To see a more detailed breakdown of full-time faculty by academic department and gender/race, refer to table 7.4.

As shown in table 7.5, the median faculty salary from 2020 to 2021 decreased for 'professor' (-3.41%), while 'associate professor', 'assistant professor' and 'lecturer/teaching artist' show increases of (+3.25%, +2.23%, and +12.20% respectively). The number of faculty decreased in each of the rank categories: 'professor' (from 60 to 56), 'associate professor' (from 37 to 33), 'assistant professor' (from 28 to 24), and 'lecturer/teaching artist' (from 16 to 14). Note that visiting faculty and professionals in residence are not included within the median salary section nor the mean years of service.

According to table 7.6, 67% of the full-time faculty are tenured in fall 2021 while another 19% are on tenure-track. The departments/schools of Literary Arts & Social Justice, Business, Communication, Community Engagement, and Natural Sciences & Engineering Technology have the highest percentage of full-time faculty who are tenured (88%, 78%, 73%, 67% and 65%, respectively).

Table 7.7 shows that the mean years of service for 'professor' is at 20.14 while the other ranks have substantially lower number of mean years of service.

ENDOWMENT

Table 8.1 illustrates how the University's collective endowment has increased over the years. The total endowment consists of two collective fund groups. It includes both donor-restricted endowment funds (the "Endowment Fund") which are classified as either temporarily or permanently restricted funds, and non-donor unrestricted funds that have been established by the Board of Trustees to function as reserve-type funds (the "Board Designated Fund").
