GENERAL INFORMATION

History of the University

Throughout its history, Point Park University has taken pride in its urban roots and contributions to the vitality of downtown Pittsburgh.

The University began as the Business Training College (BTC), which was founded in 1933 by Dr. Dorothy and L. Herbert Finkelhor as a proprietary school that prepared students for careers in the business world. BTC was located in downtown Pittsburgh.

In 1960, the state of Pennsylvania chartered BTC as Point Park Junior College, a tax-exempt institution of higher education. The College was re-chartered as Point Park College in 1966 and began awarding bachelor's degrees. Its first graduate program (journalism and communications) was established in 1981.

Point Park was granted university status by the Pennsylvania Department of Education in October 2003.

Point Park University acquired The Pittsburgh Playhouse (now Point Park University's Pittsburgh Playhouse) in 1968. Its main campus remains in downtown Pittsburgh and includes more than 16 properties, including academic, administrative and residence halls.

To meet its growing needs, the University has acquired various downtown properties during the past several years. As one of the largest property owners in downtown Pittsburgh, Point Park's footprint extends down the Wood Street corridor from the Monongahela River to Forbes Avenue.

Central Campus Development Project

Point Park's vision is to be one of the most dynamic private, urban universities in America. The vision begins with facilities that give students, faculty, and staff the environment they need to excel.

In 2011, Point Park completed the Urban Park at the Academic Village. Located at Wood Street and Boulevard of the Allies, the new 12,000 square "Village Park" features a canopy of trees, colorful plantings, a stunning glass stair tower, a dramatic water feature and a colonnade structure that will house a lively restaurant featuring indoor and outdoor dining areas.

In addition, the University completed Wood Street streetscape enhancements that include new sidewalks, pedestrian-friendly traffic signals and street resurfacing, in the fall of 2012.

Future projects include the Student and Convocation Center, which will incorporate a multipurpose student lounge, advanced computer labs, a fully equipped fitness center, and a 1,000-seat auditorium that transforms into an 1,800 seat space for convocation and community events.

Point Park University's Pittsburgh Playhouse

In 1968, Point Park breathed new life into the Pittsburgh Playhouse by converting it into the University's performing arts center. Now, Point Park will reinvigorate the Pittsburgh arts scene once again with the construction of a new Pittsburgh Playhouse on Forbes Avenue in Downtown Pittsburgh.

This premier performance and teaching venue will provide world-class professional spaces for both unconventional and classical presentations developed by the faculty, students and visiting artists of the Conservatory of Performing Arts. Students will benefit from a truly professional theater experience provided by three new performance spaces. An adjacent 10,000 square foot production area, costume and prop shops, and chorus and dressing rooms will allow backstage and production students to study and learn in a real-world environment.

George Rowland White Performance Center

Point Park University is an institution that utilizes green principles as it renovates.

The George Rowland White Performance Center, which opened in August 2007, was awarded Leadership in Energy and Environmental Design or LEED Gold, one of the highest levels of certification in the U.S. Green Building Council's building performance program. The building is the first of its kind to receive LEED-NC Gold for new construction, according to USGBC statistics.

The George Rowland White Performance Center is a 44,000 square foot space featuring cushioned, non-slip floor, glare-free lighting and the latest audio and visual equipment. It contains the Performance Studio, Hilda Willis Tap Studio, and three Dance Studios.

Student Financial Aid

Table 3.10 shows undergraduates receiving financial aid has increased slightly (90% to 94%) over the last several fall semesters while graduates receiving financial aid has increased (80% to 86%) from fall 2010 to fall 2011. The total amount of financial aid received by Point Park University's students in academic year 2011-2012 represents a 2% increase over academic year 2010-2011, from \$80,734,064 to \$81,950,578. The average award total increased from \$18,628 to \$19,563 (table 3.11).

ENROLLMENT

ENROLLMENT

Enrollment decreased over last year by 2% (from 3,920 to 3,827) (table 4.1). Of the 3,827 students enrolled, 84% (3,225 headcount) are undergraduate students and 16% (602 headcount) are graduate students (table 4.1).

Some other highlights include the fact that approximately 79% of undergraduate students are full-time, while only 38% of graduate students are full-time (table 4.3). The majority (80%) of Point Park's students come from Pennsylvania, (table 4.10). Also, the number of students living on campus in student housing increased slightly. There are now 975 undergraduate students living on campus as compared to 960 last year (table 4.11). This represents 30% of the entire undergraduate student body. Further, 79% of all full-time freshmen are living in campus housing. Point Park remains an ethnically diverse university and its international student population represents 41 different countries (table 4.18).

Overall, 73 percent (2,797 headcount) of our students are from Southwestern PA counties (fig. 4.15). Within each school, 87% of Business, 84% of Arts & Sciences, 74% of Communication, and 36% of the Conservatory of Performing Arts are from southwest PA (table 4.19). From fall 2011 to fall 2012 the biggest increases in enrollment occurred in Fayette and Butler counties while the biggest decreases occurred in Allegheny and Beaver (fig. 4.16). Southwest PA enrollment has increased 9% since fall 2003 (table 4.20).

This section includes a glance at fall 2012 enrollment data, as well as a detailed account of student enrollment trends over the past five years by various demographic features. For clarification purposes, some enrollment definitions are listed below.

Enrollment Definitions:

Student enrollment in higher education is described in terms of both headcount and FTE (Full-time Equivalence).

Student headcount is the count of individual students whose administrative records indicate that they were registered in a credit-bearing course as of the university's enrollment census date for each semester.

Student FTE is calculated using two different methods:

Method 1: Undergraduate FTE = FT headcount + (PT Credit Hours/15)

Graduate FTE = FT headcount + (PT Credit Hours/10)

Method 2: Undergraduate and Graduate FTE = FT headcount + (1/3 PT headcount)

Full-time Status - An individual student is classified as full-time if he or she maintains at least 12 undergraduate credits or 9 graduate credits.

An important note about recent changes to race and ethnicity coding

The U.S. Office of Management and Budget (OMB) determined in 1997 that new race and ethnicity codes would be implemented for collecting all data reported to the federal government. They stated that these new codes allow data on ethnicity and race to reflect the growing diversity of our nation.

In 2007, the U.S. Department of Education posted to the Federal Register the “Final Guidance on Maintaining, Collecting, and Reporting Racial and Ethnic Data to the U.S. Department of Education” to implement OMB’s 1997 Standards. The guidance issued by the Department covers two issues: 1) the collection of race and ethnicity data by institutions, and 2) the reporting of aggregate data to the Department.

Point Park University, in compliance with the Federal mandate, will now report race and ethnicity data that reflects students’ ability to differentiate between race and ethnicity, as well as choose more than one race.

Thus, Point Park University will report the following new categories in all publically available periodic reports starting in the fall 2010 semester in order to be consistent with the proposed “single field” race/ethnicity codes:

1. American Indian/Alaska Native
2. Asian
3. Black or African American
4. Hispanic of any race
5. Native Hawaiian or Other Pacific Islander
6. Non-resident Alien
7. White
8. Two or more races
9. Unknown

Since these new codes differ significantly from the old method of collecting and reporting race/ethnicity data, it is necessary to revise the tables in recent factbooks that reflect this change in methodology. Since it is nearly impossible to match old race/ethnicity codes with the new ones, trend data prior to 2010 will remain in the old reporting format. Beginning with the Fall 2010 semester, all data pertaining to race/ethnicity will show the new codes. Unfortunately, this means that direct comparisons of race/ethnicity between 2010 and any semester prior to 2010 will be difficult at best.

RETENTION
AND
GRADUATION RATES

RETENTION and GRADUATION RATES

Over the years, retention and graduation rates for first-time, full-time freshmen at Point Park University have remained relatively stable. This year, the University experienced a slight decline in freshman to sophomore retention (74% from 75%) (table 5.1, fig. 5.1), while the six-year graduation rate remained at 50%. (See table 5.7).

Although the overall freshman retention rate has stayed approximately the same, there are some notable differences between schools. Specifically, the School of Arts & Sciences experienced the largest increase in freshman to sophomore retention (from 67% to 77%). The School of Business also experienced a sizeable increase in freshman to sophomore retention (from 62% to 70%). The retention rate for the Conservatory decreased for the first time in a number of years (from 87% to 78%). Finally, the School of Communication had a small decrease in retention over last year (from 73% to 71%). There are also notable differences between academic departments within the schools. (See table 5.2).

Part-time undergraduate retention increased slightly over last year (56% to 58%). This cohort continues to be a difficult one to study due to the frequency with which they temporarily withdrawal (i.e., stop out). The retention rate for accelerated undergraduates dropped from 69% to 64%. Full-time transfer undergraduate retention decreased from 72% to 65% and is at its lowest rate in recent years. New graduate student retention increased slightly from 75% to 78% for the entire institution. For more information, refer to tables 5.3 through 5.6.

Each year, the Office of Institutional Research and Planning prepares detailed retention reports on the various cohorts for analysis and decision-making. These reports show aggregated data by such variables as gender, race, age, on-campus/commuter, incoming high school grade point average, SAT/ACT scores and many other items. Some of this information is available in tables 5.8 through 5.14.

FACULTY

FACULTY AND STAFF

This chapter of the factbook pertains to full-time faculty and staff only. Part-time/adjunct faculty and staff are very transient populations, thus making it difficult to track and include in this chapter.

Overall, in fall 2012, there were 136 full-time faculty and 288 full-time staff. The total (424) represents an increase of 6 full-time faculty while full-time staff remained the same as the prior year. When compared to five years ago, Point Park has increased the number of full-time faculty and staff by 7% (table 7.1)

Almost two-thirds (62%) of the full-time faculty are male while only 42% of the full-time staff are male, (table 7.2). Only 8% of both full-time faculty and staff are considered being part of a racial/ethnic minority (table 7.3). This is consistent with the previous year, fall 2011. To see a more detailed breakdown of full-time faculty by academic department and gender/race, refer to table 7.4.

As shown in table 7.5, the largest increase in average faculty salary from 2011 to 2012 occurred within the rank of 'assistant professor' (1.04%). Decreases occurred in the average faculty salary within the rank of 'professor' (-0.03%) followed by 'associate professor' (-3.25%) whereas the rank of 'instructor/teaching artist' remains unchanged.

According to table 7.6, 60% of the full-time faculty are tenured in fall 2012 while another 29% are on tenure-track. The academic departments of Natural Sciences and Engineering Technology, Business, Humanities and Human Sciences, and Education have the highest percentage of full-time faculty who are tenured (80%, 71%, 70% and 67%, respectively).

Table 7.7 shows that the mean years of service for professors is at 25 while the other ranks have substantially lower number of mean years of service.

BUDGET

BUDGET

The following schedules summarize the University's budget and results of operations for the fiscal year ended August 31, 2012. The budget is approved annually by the Board of Trustees. This section also highlights the University's trended historical endowment balances at the end of each respective fiscal year. The final schedule details the primary sources of revenue for the University, tuition and fees, and also reflects the historical trend of those costs.

The University relies primarily on revenue generated from tuition and fees. As illustrated in table 8.1, total tuition and fees represent 84.3% of revenue. The majority of auxiliary enterprise revenue is derived from room and board fees.

The University's operating budget (table 8.2) summarizes the primary expenditure categories. As illustrated, the largest category of Instruction and General Institutional Support directly funds the mission of educating students at Point Park. The second largest expenditure category, Student Aid, supports the fact that most Point Park students receive some form of internal financial assistance.

Table 8.3 illustrates how the University's collective endowment has increased over the years. The total endowment consists of two collective fund groups. It includes both donor-restricted endowment funds (the "Endowment Fund") which are classified as either temporarily or permanently restricted funds, and non-donor unrestricted funds that have been established by the Board of Trustees to function as reserve-type funds (the "Board Designated Fund").

Table 8.4 and figure 8.4 provide additional trended historical information for the University's tuition, fee, and room and board rates. As stated above, these rates are approved annually by the Board of Trustees as part of the annual budget process.
