BACHELOR OF SCIENCE IN ECONOMICS AND FINANCE

2024-2025 Degree Requirements

PROGRAM OBJECTIVES

Upon successful completion of this program, a student will be able to:

1. Analyze, integrate, and communicate complex information to facilitate management decision making.
2. Clearly communicate thoughts and ideas both verbally and in writing using professional language and relevant economic and financial terminology.
3. Apply important economic and financial theories and concepts in traditional business areas in order to improve the performance of the organization.
4. Gather, analyze, and evaluate critical information related to the field of economics and finance, and make recommendations based on key findings, applying information technology tools and techniques to meet the needs and expectations of the workplace.
5. Apply professional, ethical, legal, and economic and financial standards within a diverse global environment.
6. Identify and analyze problems of organizational leadership, and propose concrete solutions using economics and finance tools and knowledge. Also, use motivation and influence in achieving a coordinated goal.
