Academic Structure

In recent years, there have been several changes to the structure of the academic organization.

Most recently in early 2025, the Conservatory of Performing Arts was split into the School of Dance and the School of Theatre, Film, and Animation. Because data for this factbook are, by and large, from Fall 2024, the tables and charts will not reflect this change. In 2024, non-degree professional development graduate students taking ABCTE coursework within the School of Education are reported in the Department of Leadership & Organizational Administration. Non-degree professional development graduate students taking other coursework continue to be reported in the Miscellaneous Department (within the School of Education).

In 2023, the School of Education was reorganized, creating two new departments: the department of Leadership & Organizational Administration, and the department of Teaching & Learning. Also in 2023, the School of Continuing & Professional Studies was created.

In 2022, the School of Business was reorganized to create a fourth department: Community Engagement and Leadership. Also in 2022, the department of Literature, Culture, and Society was formed (within the School of Arts & Sciences) by the merger of the department of Literary Arts and Social Justice and the department of Humanities and Social Sciences.

In 2021, School Principal K-12 certificate students and Superintendent's Letter of Eligibility students are being reported as graduate students (post-Master's certificates) rather than undergraduate students (post-baccalaureate certificates).

In 2020, we began reporting non-degree professional development students taking education courses in a new department: Miscellaneous (within the School of Education). Prior to Fall 2020, these students were reported under Miscellaneous (within the School of Arts & Sciences).

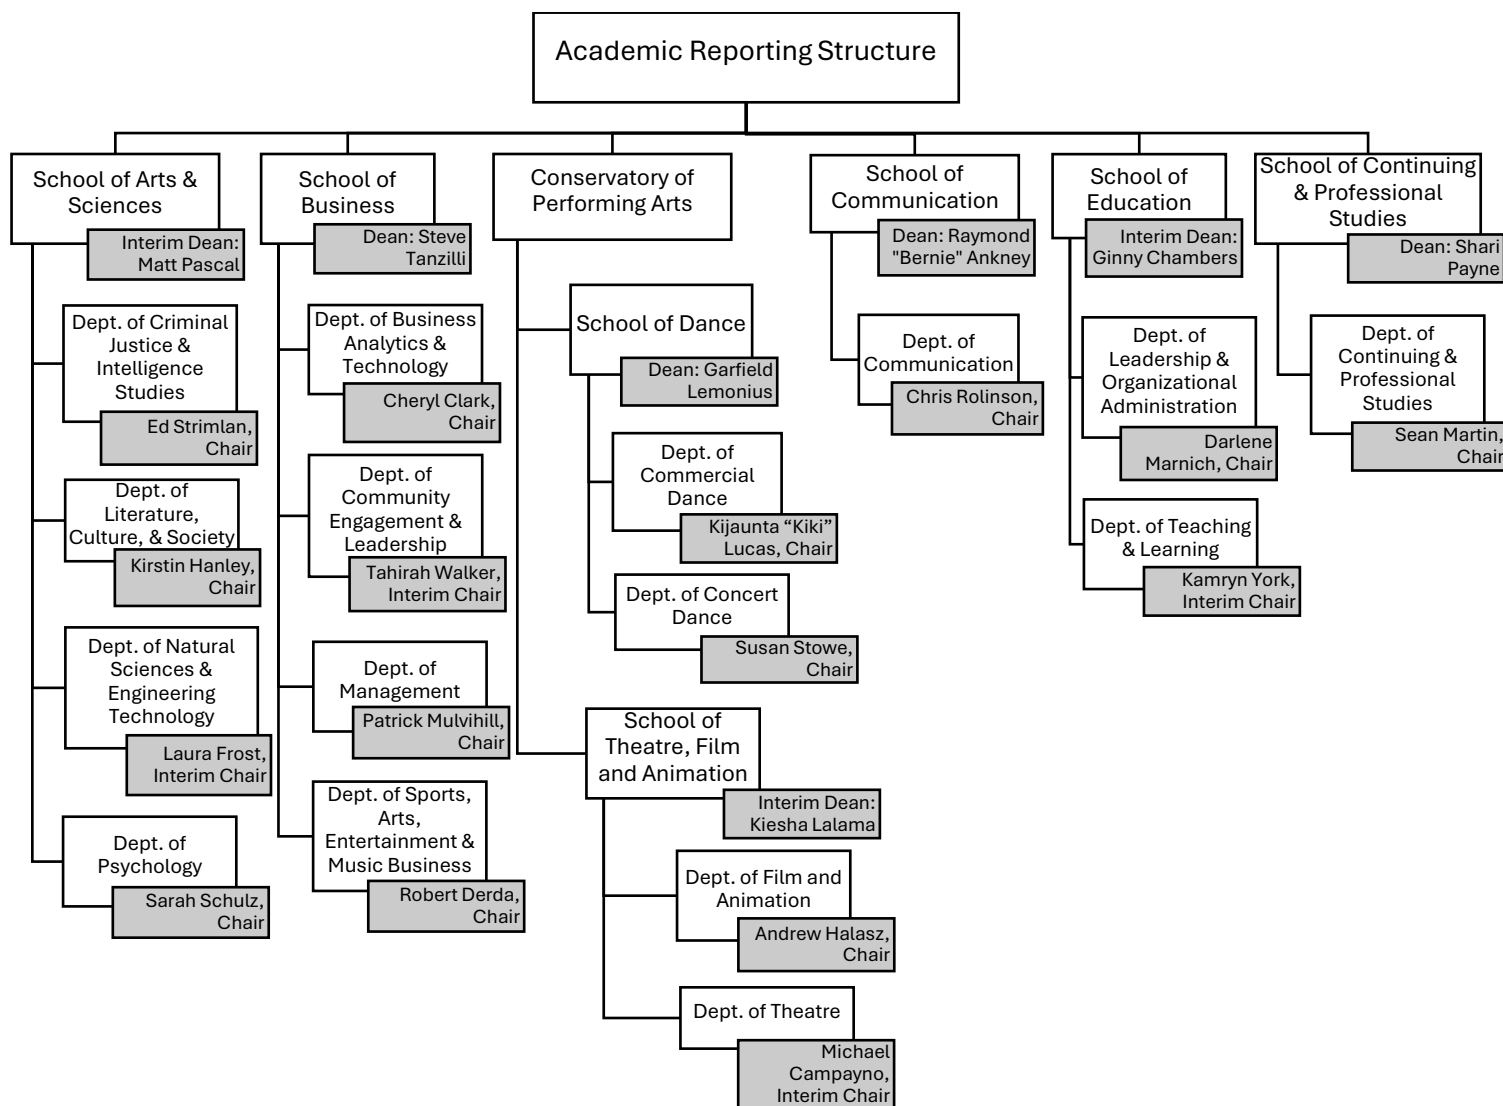

In Fall 2018, the School of Education was created, formerly a department within the School of Arts & Sciences.

In 2017, the department of Humanities and Human Sciences (within the School of Arts & Sciences) split to become the department of Psychology, and the department of Humanities and Social Sciences. Also in 2017, the School of Business was reorganized into three departments: the department of Accounting, Economics and Finance, and Information Technology, the department of Business Management, and the department of Sports, Arts, and Entertainment Management.

In 2009, the School of Communication was created, formerly the Department of Journalism within the School of Arts & Sciences. In 2006, the department of Protective Services (now called the department of Criminal Justice and Intelligence Studies) was created from the former School of Adult and Professional Studies.

Wherever possible in this factbook, data from prior years have been updated to reflect the current structure. When not possible, a notation is included.

Beginning in Fall 2023, to align our factbook reporting with changes in IPEDS reporting requirements, the count of total applications reported in the factbook is now calculated as total admits plus total denied applications, and no longer includes partially complete or withdrawn applications.

At the undergraduate level, fall 2024 applications increased by 162 or 2.85% (from 5,676 to 5,838) from the prior year. The online undergraduate applications show an increase of 54.55% (table 3.1). Enrollment

ENROLLMENT

Enrollment increased over last year by +4.5% (from 3,299 to 3,448) (table 4.1). Of the 3,448 students enrolled, 68% (2,337 headcount) are undergraduate students and 32% (1,111 headcount) are graduate students (table 4.1).

Some other highlights include the fact that approximately 92% of undergraduate students are full-time, while only 17% of graduate students are full-time (table 4.3). The majority (70%) of Point Park's students come from Pennsylvania, (table 4.9). Also, the number of undergraduate students living on campus in student housing increased this fall by 6%. There are now 897 undergraduate students living on campus as compared to 848 in 2023, 885 in 2022, 877 in 2021, and 791 in 2020 (table 4.10). This represents 38% of the entire undergraduate student body. Further, 85% of all full-time freshmen are living in campus housing. Point Park remains an ethnically diverse university and its international student population represents 39 different countries (table 4.18).

Overall, 46 percent (1,599 headcount) of our students are from Southwestern PA counties (fig. 4.16). Within each school, 56% of Arts & Sciences, 57% of Business, 25% of the Conservatory of Performing Arts, 64% of Communication, 46% of Education, and 50% of Continuing & Professional Studies are from southwest PA (table 4.19). Southwest PA enrollment has decreased -39% compared to fall 2015 (table 4.20).

This section includes a glance at fall 2024 enrollment data, as well as a detailed account of student enrollment trends over the past five years by various demographic features. For clarification purposes, some enrollment definitions are listed below.

Enrollment Definitions:

Student enrollment in higher education is described in terms of both headcount and FTE (Full-time Equivalence).

Student headcount is the count of individual students whose administrative records indicate that they were registered in a credit-bearing course as of the university's enrollment census date for each semester. The Fall 2024 enrollment census date was September 13, 2024.

Student FTE is calculated using two different methods:

<u>Method 1:</u>	Undergraduate FTE	= FT headcount + (PT Credit Hours / 15)
	Graduate FTE	= FT headcount + (PT Credit Hours / 10)

<u>Method 2:</u>	Undergraduate FTE	= FT headcount + (1/3 PT headcount)
	Graduate FTE	= FT headcount + (1/3 PT headcount)

Full-time Status - An individual student is classified as full-time if they maintain at least 12 undergraduate credits or 9 graduate credits.

Retention and Graduation Rates

RETENTION and GRADUATION RATES

Overall, first to second year retention for first-time, full-time freshmen increased to 74% this year. There were also increases for the following student populations: online undergraduate increased +6 percentage points. Retention for all other student populations decreased this year: part-time undergraduate, transfer undergrad, on-ground graduate, and online graduate retention decreased by -20, -3, -4, and -2 percentage points, respectively. See Table 5.1 for additional trend information for all student populations.

Upon closer inspection of freshmen retention, significant variation exists among the schools and departments. The biggest increases were experienced in Education, Undecided, and Criminal Justice & Intelligence Studies (+26, +15 and +10 percentage points, respectively). The largest decreases were found in Sports Arts & Entertainment Management and Natural Sciences & Engineering Technology (-11, and -7 percentage points, respectively). Retention of freshmen who haven't decided on a major is closely studied since they are typically retained at a lower rate than students who have declared a major. This year, retention increased fifteen percentage points when compared to last year (42% to 57%), after seeing a decrease of thirty-one percentage points (73% to 42%) from 2021 to 2022. The University continues to implement strategies and assess outcomes in order to engage these students more fully to help them succeed.

The largest increases in retention for the transfer undergraduate population were seen in Cinema Arts and Sports Arts & Entertainment Management (+12 and +7 percentage points, respectively). For traditional graduate student retention, the largest increases were seen in Communication and Management (+15 and +6 percentage points, respectively).

Among online students, the largest increases in retention for undergraduates were seen in Community Engagement & Leadership and Criminal Justice & Intelligence Studies (+50 and +34 percentage points, respectively). And in the graduate category, Criminal Justice & Intelligence Studies was the only department that saw a retention increase (+27 percentage points).

Overall, the four-year graduation rate for freshmen remained steady this year (at 52%) and the six-year graduation rate decreased from 60% to 59% (see table 5.8). The largest increases in six-year graduation rates were seen in Dance (73% to 85%) and Theatre (67% to 77%) while the largest decreases were seen in Literary Arts & Social Justice (78% to 46%) and Humanities & Social Sciences (72% to 44%)

Each year, the Office of Institutional Research and Planning prepares detailed retention reports on the various cohorts for analysis and decision-making. These reports show aggregated data by such variables as gender, race, age, on-campus/commuter, incoming high school grade point average, SAT/ACT scores and many other items. Some of this information is available in tables 5.9 through 5.14.

Faculty and Staff

FACULTY and STAFF

This chapter of the factbook pertains to full-time faculty and staff only. Part-time/adjunct faculty and staff are very transient populations, thus making it difficult to track and include in this chapter.

Overall, in fall 2024, there were 132 full-time faculty and 294 full-time staff. The total count of full-time employees (426) represents an increase of 3 full-time faculty and an increase of 20 full-time staff from the prior year. When compared to four years ago, Point Park has increased the number of full-time faculty and staff by 5% (table 7.1)

Just under half (48.5%) of the full-time faculty are female while slightly more than half (54.8%) of the full-time staff are female, (table 7.2). Only 9.9% of both full-time faculty and staff are considered being part of a racial/ethnic minority (table 7.3). This is a decrease from last year when 11.2% of full-time faculty and staff were considered being part of a racial/ethnic minority. To see a more detailed breakdown of full-time faculty by academic department and gender/race, refer to table 7.4.

As shown in table 7.5, the median faculty salary from 2023 to 2024 decreased for most ranks: 'professor' (-0.15%), 'associate professor' (-2.01%), and 'assistant professor' (-1.04%); and increased for 'lecturer/teaching artist' (+2.89%). The total number of faculty increased by 3, from 129 to 132, increasing in the rank categories of 'professor' (from 50 to 52) and 'assistant professor' (from 19 to 25), and decreasing in the rank categories of 'associate professor' (from 36 to 35) and 'lecturer/teaching artist' (from 15 to 14). Note that visiting faculty and professionals in residence are not included within the median salary section nor the mean years of service.

According to table 7.6, 64% of the full-time faculty are tenured in fall 2024 while another 21% are on tenure-track. The departments/schools of Literature Culture & Society, Natural Sciences & Engineering Technology, Business, and Communication have the highest percentage of full-time faculty who are tenured (89%, 75%, 74% and 73%, respectively).

Table 7.7 shows that the mean years of service for 'professor' is at 20.92 while the other ranks have substantially lower number of mean years of service.

ENDOWMENT

Table 8.1 illustrates how the University's collective endowment has changed over the years. The total endowment consists of two collective fund groups. It includes both donor-restricted endowment funds (the "Endowment Fund") which are classified as either temporarily or permanently restricted funds, and non-donor unrestricted funds that have been established by the Board of Trustees to function as reserve-type funds (the "Board Designated Fund").
