# Program Objectives

## **M.A. Community Psychology**

**Upon successful completion of the program, students will be able to:**

1. Describe the psychological foundations of clinical-community psychology.
2. Apply community psychology for the prevention and amelioration of mental illness and the improvement of mental well-being.
3. Employ research skills to explore questions and help solve problems in clinical-community psychology.
4. Demonstrate understanding of ethics and values of the field of psychology.
5. Demonstrate sensitivity to and respect for individual and cultural diversity.
