Professional Semester Program x3

Type: Certificate Program

Curriculum: BDC's Professional Semester is ideal for advanced dancers ready to launch their professional careers. This program is open to dancers from the USA and international students. This 4-month intensive full-time program is designed to give you the skills and connections you need to establish yourself as a working dancer. If you're coming from a university or high school dance program, or are pre-professional looking for further momentum to establish connections in New York, BDC will provide you with the practical knowledge and experience needed for a successful career in dance. In addition to your scheduled weekly classes with our Faculty you'll attend industry seminars, networking opportunities, private masterclasses in a variety of genres, mock auditions that provide real-world experience, and a final industry showcase. This program will give you the confidence to take that next step in your career. Get ready to work!
