(1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your school's effective date. Contact your school to determine the effective date applicable to your program.
(2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.
(3) Services must be performed by a Highmark approved telemedicine provider.
(4) Services are limited to those listed on the Highmark Preventive Schedule and Women's Health Preventive Schedule.
(5) Pediatric vision and dental benefits are only available to dependent children or health plan members under age 19.
(6) A Medically Necessary orthodontic service is an orthodontic procedure that occurs as part of an approved orthodontic plan that is intended to treat a severe dentofacial abnormality. Prior approval is required. See your benefit booklet for more details.
(7) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If not, you are responsible for contacting MM&P. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
(8) The formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. It includes products in every major therapeutic category. The formulary was developed by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. Your program includes coverage for formulary drugs at the specific copayment or coinsurance amounts listed above.
(9) Under the soft mandatory generic provision, you are responsible for the payment differential when a generic drug is authorized by your provider and you purchase a brand name drug. Your payment is the price difference between the brand name drug and generic drug in addition to the brand name drug copay or coinsurance amounts, which may apply.
(10) Benefits for Emergency Care Services rendered by an Out-of-Network Provider will be paid at the Network level. Benefits for Hospital Services or Medical Care Services rendered by an Out-of-Network Provider to a member requiring an inpatient admission or observation immediately following receipt of Emergency Care Services will be paid at the Network level. The member will not be responsible for any amounts billed by the Out-of-Network Provider that exceed the plan allowance for such services.
(11) Air Ambulance services rendered by out-of-network providers will be covered at the highest network level of benefits.
