Discrimination is Against the Law

The Claims Administrator/Insurer complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity. The Claims Administrator/Insurer does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex assigned at birth, gender identity or recorded gender. Furthermore, the Claims Administrator/Insurer will not deny or limit coverage to any health service based on the fact that an individual's sex assigned at birth, gender identity, or recorded gender is different from the one to which such health service is ordinarily available. The Claims Administrator/Insurer will not deny or limit coverage for a specific health service related to gender transition if such denial or limitation results in discriminating against a transgender individual. The Claims Administrator/Insurer:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Civil Rights Coordinator.

If you believe that the Claims Administrator/Insurer has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity, you can file a grievance with: Civil Rights Coordinator, P.O. Box 22492, Pittsburgh, PA 15222, Phone: 1-866-286-8295, TTY: 711, Fax: 412-544-2475, email: CivilRightsCoordinator@highmarkhealth.org. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, the Civil Rights Coordinator is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

This Booklet is not a Contract

This booklet does not constitute a contract of benefits and provisions. The complete set of terms of coverage is set forth in the Group Contract issued by Highmark Blue Cross Blue Shield, an Independent Licensee of the Blue Cross Blue Shield Association. This booklet is merely a description of the principal features of your health care program.

Non-Assignment

Unless otherwise required by law, Highmark is authorized by the member to make payments directly to providers furnishing Covered Services provided under the program described in this benefit booklet; however, Highmark reserves the right to make these payments directly to the member. The right of a member to receive payment for a Covered Service described in this benefit booklet is not assignable, except to the extent required by law, nor may benefits described in this benefit booklet be transferred either before or after Covered Services are rendered. Any (direct or indirect) attempt to accomplish such an assignment shall be null and void. Nothing contained in this benefit booklet shall be construed to make Highmark, the group or the student health insurance program sponsor liable to any assignee to whom a member may be liable for medical care, treatment, or services.

Introduction to Your Health Care Program

This booklet provides you with the information you need to understand your health care program. We encourage you to take the time to review this information, so you understand how your health care program works.

Refer to the Summary of Benefits at the end of this booklet. The Summary of Benefits will tell you what you need to know about your benefits, exclusions and how your plan works.

For a number of reasons, we think you'll be pleased with your health care program:

- ***Your health care program gives you freedom of choice.*** You are not required to select a primary care provider to receive covered care. You have access to a large provider network of physicians, hospitals, and other providers in the Highmark service area, as well as providers across the country who are part of the local Blue Cross and Blue Shield PPO network. For a higher level of coverage, you need to receive care from one of these network providers. However, you can go outside the network and still receive care at the lower level of coverage. To locate a network provider near you, or to learn whether your current physician is in the network, log onto your Highmark member website, www.highmarkbcbs.com.
- ***Your health care program gives you "stay healthy" care.*** You are covered for a range of preventive care, including physical examinations and selected diagnostic tests. Preventive care is a proactive approach to health management that can help you stay on top of your health status and prevent more serious, costly care down the road.

You can review your Preventive Care Guidelines online at your member website. And, as a member of your health care program, you get important extras. Along with 24-hour assistance with any health care question via Blues On Call, your member website connects you to a range of self-service tools that can help you manage your coverage. You can also access programs and services designed to help you make and maintain healthy improvements. And you can access a wide range of care cost and care provider quality tools to assure you spend your health care dollars wisely.

We understand that prescription drug coverage is of particular concern to our members. You'll find in-depth information on these benefits in this booklet.

If you have any questions on your health care program, please call the Member Service toll-free telephone number on the back of your ID card. For TTY/TDD hearing impaired service, please dial 711 and the number on the back of your ID card.

Information for Non-English-Speaking Members

Non-English-speaking members have access to clear benefits information. They can call the toll-free Member Service telephone number on the back of their ID card to be connected to

a language services interpreter line. Highmark Member Service representatives are trained to make the connection.

As always, we value you as a member, look forward to providing your coverage, and wish you good health.

How Your Benefits Are Applied

To help you understand your coverage and how it works, here's an explanation of some benefit terms found on the Summary of Benefits, which is included at the end of this booklet. For specific amounts, refer to the Summary of Benefits.

Benefit Period

The specified period of time during which charges for covered services must be incurred in order to be eligible for payment by Highmark. A charge shall be considered incurred on the date you receive the service or supply for which the charge is made. Refer to the Summary of Benefits for the benefit period under this program.

Medical and Prescription Drug Cost-Sharing Provisions

Cost sharing is a requirement that you pay part of your expenses for covered services. The terms "copayment," "deductible" and "coinsurance" describe methods of such payment.

Coinsurance

The coinsurance is the specific percentage of the plan allowance for covered services that is your responsibility. You may be required to pay any applicable coinsurance at the time you receive care from a provider. Refer to the Plan Payment Level in the Summary of Benefits for the percentage amounts paid by the program.

Copayment

The copayment for certain covered services is the specific, upfront dollar amount which will be deducted from the plan allowance and is your responsibility. See the Summary of Benefits for the copayment amounts.

Deductible

The deductible is a specified dollar amount you must pay for covered services each benefit period before the program begins to provide payment for benefits. See the Summary of Benefits for the deductible amount. You may be required to pay any applicable deductible at the time you receive care from a provider.

Cost-sharing assistance such as coupons or rebates provided by a drug manufacturer for a specialty prescription drug will not apply toward the satisfaction of the deductible.

If your group changes group health care expense coverage during your benefit period, the amount you paid toward your deductible during the last partial benefit period for services covered under the prior Highmark coverage will be applied to the network and out-of-network deductible of the initial benefit period under this program.

Family Deductible

The family deductible is a specified dollar amount of covered services that must be incurred by covered family members before the program begins to provide payment for benefits. See the Summary of Benefits for the family deductible amount.

For a family with several covered dependents, the deductible you pay for all covered family members, regardless of family size, is specified under family deductible. To reach this total, you can count the expenses incurred by two or more covered family members. However, the deductible contributed towards the total by any one covered family member will not be more than the amount of the individual deductible. If one family member meets the individual deductible and needs to use benefits, the program would begin to pay for that person's covered services even if the deductible for the entire family has not been met.

Out-of-Pocket Limit

The out-of-pocket limit refers to the specified dollar amount of expense incurred for covered services in a benefit period. When the specified dollar amount is attained, the level of benefit increases as specified in the Summary of Benefits. See the Summary of Benefits for the out-of-pocket limit. The out-of-pocket limit does not include.

Cost-sharing assistance such as coupons or rebates provided by a drug manufacturer for a specialty prescription drug will not apply toward the annual out-of-pocket maximum.

Total Maximum Out-of-Pocket

The total maximum out-of-pocket, as mandated by the federal government, refers to the specified dollar amount of deductible, coinsurance, copayments incurred for network covered services, covered medications and any qualified medical expenses in a benefit period. When the specified individual dollar amount is attained by you, or the specified family dollar amount is attained by you or your covered family members, your program begins to pay 100% of all covered expenses and no additional coinsurance, copayments and deductible will be incurred for network covered services and covered medications in that benefit period. See the Summary of Benefits for the total maximum out-of-pocket. The total maximum out-of-pocket does not include out-of-network cost-sharing or amounts in excess of the plan allowance.

Cost-sharing assistance such as coupons or rebates provided by a drug manufacturer for a specialty prescription drug will not apply toward the annual total maximum out-of-pocket.

Maximum

The greatest amount of benefits that the program will provide for covered services within a prescribed period of time. This could be expressed in dollars, number of days or number of services.

Covered Services - Medical Program

Your health care program may provide benefits for the following services you receive from a provider when such services are determined to be medically necessary and appropriate. All benefit limits, deductibles and copayment amounts are described in the Summary of Benefits included at the end of this booklet. For specific covered services, refer to the Summary of Benefits.

Network care is covered at a higher level of benefits than out-of-network care. For the lowest out-of-pocket costs, use a network provider. To make sure that a provider is in the network, call Member Service at the number on the back of your member ID card. Or visit www.highmarkbcbs.com.

Ambulance Service

Ambulance service providing local transportation by means of a specially designed and equipped vehicle used only for transporting the sick and injured:

- from your home, the scene of an accident or medical emergency to a hospital or skilled nursing facility;
- between hospitals; or
- between a hospital and a skilled nursing facility;

when such facility is the closest institution that can provide covered services appropriate for your condition. If there is no facility in the local area that can provide covered services appropriate for your condition, then ambulance service means transportation to the closest facility outside the local area that can provide the necessary service.

Ambulance service includes an emergency medical services (EMS) agency licensed by the state.

Transportation and other emergency services provided by an ambulance service will be considered emergency ambulance service if the injury or condition is considered emergency care. Refer to the Terms You Should Know section for a definition of emergency care services.

Benefits are provided for emergency care services rendered by an ambulance service even when transport is not required or refused by you.

Use of an ambulance as transportation to an emergency room for an injury or condition that does not satisfy the criteria of emergency care will not be covered as emergency ambulance services.

Local transportation by means of a specially designed and equipped vehicle used only for transporting the sick and injured:

- from a hospital to your home, or
- from a skilled nursing facility to your home.

Anesthesia for Non-Covered Dental Procedures (Limited)

Benefits will be provided for general anesthesia and associated hospital and medical services normally related to the administration of general anesthesia which are rendered in connection with non-covered dental procedures or non-covered oral surgery. Benefits are provided for members age seven or under and for developmentally disabled members when determined by Highmark to be medically necessary and appropriate and when a successful result cannot be expected for treatment under local anesthesia, or when a superior result can be expected from treatment under general anesthesia.

Artificial Insemination

Benefits will be provided for artificial insemination and associated diagnostic, medical and surgical services and pharmacological or hormonal treatments used in conjunction with artificial insemination when ordered by a physician and determined to be medically necessary and appropriate.

Autism Spectrum Disorders

Benefits are provided to members under 21 years of age for the following:

Diagnostic Assessment of Autism Spectrum Disorders

Medically necessary and appropriate assessments, evaluations or tests performed by a physician, licensed physician assistant, psychologist or certified registered nurse practitioner to diagnose whether an individual has an autism spectrum disorder.

Treatment of Autism Spectrum Disorders

Services must be specified in a treatment plan developed by a physician or psychologist following a comprehensive evaluation or reevaluation performed in a manner consistent with the most recent clinical report or recommendations of the American Academy of Pediatrics. Highmark may review a treatment plan for autism spectrum disorders once every six months, or as agreed upon between Highmark and the physician or psychologist developing the treatment plan.

Treatment may include the following medically necessary and appropriate services:

Pharmacy care

Pharmacy care for autism spectrum disorders includes any assessment, evaluation or test prescribed or ordered by a physician, licensed physician assistant or certified registered nurse practitioner to determine the need or effectiveness of a prescription drug approved by the Food and Drug Administration (FDA) and designated by Highmark for the treatment of autism spectrum disorders.

Psychiatric and psychological care

Direct or consultative services provided by a psychologist or by a physician who specializes in psychiatry.

Rehabilitative care

Professional services and treatment programs, including Applied Behavioral Analysis, provided by an autism service provider to produce socially significant improvements in human behavior or to prevent loss of an attained skill or function.

Therapeutic care

Services that are provided by a speech language pathologist, occupational therapist or physical therapist.

NOTE: Certain services for the treatment of autism spectrum disorders described above, including but not limited to diagnostic services, pharmacy care, psychiatric and psychological care, rehabilitative care and therapeutic cares, are also described as services covered under other benefits as set forth within this Covered Services section. When you receive such services, they will be paid as specified in such other benefits as set forth in the Summary of Benefits. However, any visit limitations specified for such other benefits will not apply when those services are prescribed for the treatment of autism spectrum disorders. Services described as covered only when received in connection with the treatment of autism spectrum disorders will be paid as set forth in the Summary of Benefits.

Dental Services Related to Accidental Injury

Dental services initially rendered by a physician which are required as a result of accidental injury to the jaws, sound natural teeth, mouth or face. Follow-up services, if any, that are provided after the initial treatment are not covered. Injury as a result of chewing or biting shall not be considered an accidental injury.

Diabetes Treatment

Coverage is provided for the following when required in connection with the treatment of diabetes and when prescribed by a physician legally authorized to prescribe such items under the law:

- Equipment and supplies: Blood glucose monitors, monitor supplies, injection aids, syringes and insulin infusion devices
- Diabetes Education Program*: When your physician certifies that you require diabetes education as an outpatient, coverage is provided for the following when rendered through a diabetes education program:
 - Visits medically necessary and appropriate upon the diagnosis of diabetes
 - Subsequent visits under circumstances whereby your physician: a) identifies or diagnoses a significant change in your symptoms or conditions that necessitates changes in your self-management, or b) identifies, as medically necessary and appropriate, a new medication or therapeutic process relating to your treatment and/or management of diabetes

***Diabetes Education Program** – an outpatient program of self-management, training and education, including medical nutrition therapy, for the treatment of diabetes. Such outpatient program must be conducted under the supervision of a licensed health care professional with expertise in diabetes. Outpatient diabetes education services will be covered subject to Highmark's criteria. These criteria are based on the certification programs for outpatient diabetes education developed by the American Diabetes Association (ADA) and the Pennsylvania Department of Health.

Diabetes Care Management Program (Digitally-Monitored) – a digitally-monitored care management program offered by Highmark if you have been diagnosed with type 2 diabetes and meet other program and clinical criteria. You will have access to telehealth consults with specific health care providers participating in the diabetes care management program. The telehealth consults may involve coaching and medication management and optimization. Additionally, you will receive a cellular-enabled blood glucose monitor, supplies including testing strips for the digital monitor, access to a mobile application, and additional devices such as continuous glucose monitors when determined necessary by the diabetes care management program. Continuous glucose monitors are typically utilized by providers to monitor the glucose levels of a patient in real time in order to determine appropriate medication and/or medication levels for that particular patient.

Diagnostic Services

Benefits will be provided for the following covered services when ordered by a professional provider:

Advanced Imaging Services

Include, but are not limited to, computed tomography (CT), computed tomographic angiography (CTA), magnetic resonance imaging (MRI), magnetic resonance angiography (MRA), positron emission tomography (PET scan), positron emission tomography/computed tomography (PET/CT scan).

Basic Diagnostic Services

- **Standard Imaging Services** - procedures such as skeletal x-rays, ultrasound and fluoroscopy
- **Laboratory and Pathology Services** - procedures such as non-routine Papanicolaou (PAP) smears, blood tests, urinalysis, biopsies and cultures
- **Diagnostic Medical Services** - procedures such as electrocardiograms (ECG), electroencephalograms (EEG), echocardiograms, pulmonary studies, stress tests, audiology testing
- **Allergy Testing Services** - allergy testing procedures such as percutaneous, intracutaneous, and patch tests

Durable Medical Equipment

The rental or, at the option of Highmark, the purchase, adjustment, repairs and replacement of durable medical equipment for therapeutic use when prescribed by a professional provider within the scope of their license. Rental costs cannot exceed the total cost of purchase.

Enteral Foods

Enteral foods is a liquid source of nutrition equivalent to a prescription drug that is administered orally or enterally and which may contain some or all nutrients necessary to meet minimum daily nutritional requirements. Enteral foods are intended for the specific dietary management of a disease or condition for which distinctive nutritional requirements are identified through medical evaluation.

Coverage is provided for enteral foods when administered on an outpatient basis for:

- amino acid-based elemental medical formulae ordered by a physician for infants and children for food protein allergies, food protein-induced enterocolitis syndrome, eosinophilic disorders and short bowel syndrome; and
- nutritional supplements administered under the direction of a physician for the therapeutic treatment of phenylketonuria, branched-chain ketonuria, galactosemia and homocystinuria; and
- enteral formulae prescribed by a physician, when administered on an outpatient basis, considered to be your sole source of nutrition and provided:
 - through a feeding tube (nasogastric, gastrostomy, jejunostomy, etc.) and utilized instead of regular shelf food or regular infant formulas; or
 - orally and identified as one of the following types of defined formulae with: hydrolyzed (pre-digested) protein or amino acids, specialized content for special metabolic needs, modular components, or standardized nutrients.

Once it is determined that you meet the above criteria, coverage for enteral formulae will continue as long as it represents at least 50% of your daily caloric requirement.

Coverage for enteral formulae excludes the following:

- Blenderized food, baby food, or regular shelf food
- Milk or soy-based infant formulae with intact proteins
- Any formulae, when used for the convenience of you or your family members
- Nutritional supplements or any other substance utilized for the sole purpose of weight loss or gain, or for caloric supplementation, limitation or maintenance
- Semisynthetic intact protein/protein isolates, natural intact protein/protein isolates, and intact protein/protein isolates, when provided orally

This coverage does not include normal food products used in the dietary management of the disorders included above.

Home Health Care Services

This program covers the following services you receive from a home health care agency or a hospital program for home health care:

- Skilled nursing services of a Registered Nurse (RN) or Licensed Practical Nurse (LPN)
- Physical medicine, speech therapy and occupational therapy

- Medical and surgical supplies provided by the home health care agency or hospital program for home health care
- Oxygen and its administration
- Medical social service consultations
- Health aide services when you are also receiving covered nursing services, habilitative or rehabilitative services, or therapy services

No home health care benefits will be provided for:

- dietitian services;
- homemaker services;
- maintenance therapy;
- dialysis treatment;
- custodial care; and
- food or home-delivered meals.

Home Infusion and Suite Infusion Therapy Services

Benefits will be provided when performed by a home infusion and/or suite infusion therapy provider at an infusion suite or in a home setting. This includes pharmaceuticals, pharmacy services, intravenous solutions, medical/surgical supplies and nursing services associated with infusion therapy. Specific adjunct non-intravenous therapies are included when administered only in conjunction with infusion therapy. Benefits for certain infusion therapy prescription drugs as identified by Highmark and which are appropriate for self-administration will be provided only when received from a participating pharmacy provider.

Hospital Services

This program covers the following services received in a facility provider. Benefits will be covered only when, and so long as, they are determined to be medically necessary and appropriate for the treatment of the patient's condition.

Inpatient Services

Bed and Board

Bed, board and general nursing services are covered when you occupy:

- a room with two or more beds;
- a private room. Private room allowance is the average semi-private room charge; or

- a bed in a special care unit which is a designated unit which has concentrated all facilities, equipment and supportive services for the provision of an intensive level of care for critically ill patients.

Ancillary Services

Hospital services and supplies including, but not restricted to:

- use of operating, delivery and treatment rooms and equipment;
- drugs and medicines provided to you while you are an inpatient in a facility provider;
- whole blood, administration of blood, blood processing, and blood derivatives;
- anesthesia, anesthesia supplies and services rendered in a facility provider by an employee of the facility provider. Administration of anesthesia ordered by the attending professional provider and rendered by a professional provider other than the surgeon or assistant at surgery;
- medical and surgical dressings, supplies, casts and splints;
- diagnostic services; or
- habilitative and rehabilitative services and therapy.

Outpatient Services

Ancillary Services

Hospital services and supplies including, but not restricted to:

- use of operating, delivery and treatment rooms and equipment;
- drugs and medicines provided to you while you are an outpatient in a facility provider. However, benefits for certain therapeutic injectables and infusion therapy prescription drugs as identified by Highmark and which are appropriate for self-administration will be provided only when received from a participating pharmacy provider;
- whole blood, administration of blood, blood processing, and blood derivatives;
- anesthesia, anesthesia supplies and services rendered in a facility provider by an employee of the facility provider. Administration of anesthesia ordered by the attending professional provider and rendered by a professional provider other than the surgeon or assistant at surgery;
- medical and surgical dressings, supplies, casts and splints.

Emergency Care Services

In emergency situations, where you must be treated immediately, go directly to your nearest hospital emergency provider; or call "911" or your area's emergency number.

Emergency care services are services and supplies, including drugs and medicines, for the outpatient emergency treatment of bodily injuries resulting from an accident or a medical condition. Also included is a medical screening examination and ancillary services necessary to evaluate such injury or emergency medical condition and further medical examination and treatment as required to stabilize the patient.

In the event that you receive emergency care services from an out-of-network provider and require an inpatient admission or observation immediately resulting from your injury or emergency medical condition and upon stabilization:

- a. you are unable to travel using non-medical transportation or non-emergency medical transportation to an available network provider located within a reasonable travel distance; or
- b. you do not consent to be transferred,

covered services directly related to such injury or emergency medical condition and received during the inpatient admission or observation will be covered at the network services level of benefits. You will not be subject to any balance billing amounts.

Your outpatient emergency room visits may be subject to a copayment, which is waived if you are admitted as an inpatient. Refer to the Summary of Benefits section for your program's specific amounts.

Once the crisis has passed, call your physician to receive appropriate follow-up care.

Refer to the Terms You Should Know section for a definition of emergency care services. Treatment for any occupational injury for which benefits are provided under any worker's compensation law or any similar occupational disease law is not covered.

Pre-Admission Testing

Tests and studies, as indicated in the Basic Diagnostic Services subsection above, required in connection with your admission rendered or accepted by a hospital on an outpatient basis prior to a scheduled admission to the hospital as an inpatient.

Surgery

Hospital services and supplies for outpatient surgery including removal of sutures, anesthesia, anesthesia supplies and services rendered by an employee of the facility provider, other than the surgeon or assistant at surgery.

Inpatient Medical Services

Medical care by a professional provider when you are an inpatient for a condition not related to surgery, pregnancy or mental illness, except as specifically provided.

Concurrent Care

Medical care rendered concurrently with surgery during one inpatient stay by a professional provider other than the operating surgeon for treatment of a medical condition separate from the condition for which surgery was performed. Medical care by two or more professional providers rendered concurrently during one inpatient stay when the nature or severity of your condition requires the skills of separate physicians.

Consultation

Consultation services rendered to an inpatient by another professional provider at the request of the attending professional provider. Consultation does not include staff consultations which are required by facility provider rules and regulations.

Inpatient Medical Care Visits

Benefits are provided for inpatient medical care visits.

Intensive Medical Care

Medical care rendered to you when your condition requires a professional provider's constant attendance and treatment for a prolonged period of time.

Routine Newborn Care

Professional provider visits to examine the newborn infant while the mother is an inpatient.

Maternity Services

Benefits will be provided for obstetrical care, including prenatal and postnatal care, sonograms and childbirth. Coverage is also provided for:

Complications of Pregnancy

Physical effects directly caused by pregnancy but which are not considered from a medical viewpoint to be the effect of normal pregnancy, including conditions related to ectopic pregnancy or those that require cesarean section.

Maternity Home Health Care Visit

You are covered for one maternity home health care visit provided at your home within 48 hours of discharge when the discharge from a facility provider occurs prior to: (a) 48 hours of inpatient care following a normal vaginal delivery, or (b) 96 hours of inpatient care following a cesarean delivery. This visit shall be made by a network provider whose scope

of practice includes postpartum care. The visit includes parent education, assistance and training in breast and bottle feeding, infant screening, clinical tests, and the performance of any necessary maternal and neonatal physical assessments. The visit may, at your sole discretion, occur at the office of your network provider. The visit is subject to all the terms of this program and is exempt from any copayment, coinsurance or deductible amounts.

Under state law, entities such as Highmark which issue health insurance to your plan sponsor is, prohibited from restricting benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, state law does not prohibit the mother's or newborn's attending provider from discharging the mother or newborn earlier than 48 hours (or 96 hours as applicable) if the mother and newborn meet the medical criteria for a safe discharge contained in guidelines which recognize treatment standards used to determine the appropriate length of stay; including those of the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists. In any case, health insurance issuers like Highmark can only require that a provider obtain authorization for prescribing an inpatient hospital stay that exceeds 48 hours (or 96 hours).

Normal Pregnancy

Normal pregnancy includes any condition usually associated with the management of a difficult pregnancy but is not considered a complication of pregnancy.

Nursery Care

Covered services provided to the newborn child from the moment of birth, including care which is necessary for the treatment of medically diagnosed congenital defects, birth abnormalities, prematurity and routine nursery care. Routine nursery care includes inpatient medical visits by a professional provider. Benefits will continue for a maximum of 31 days. To be covered as a dependent beyond the 31-day period, the newborn child must be enrolled as a dependent under this program within such period. Refer to the General Information section for further eligibility information.

If you are pregnant, now is the time to enroll in the Baby Blueprints® Maternity Education and Support Program offered by Highmark. Please refer to the Member Services section of this booklet for more information.

Mental Health Care Services

Your mental health is just as important as your physical health. That's why your program provides professional, confidential mental health care that addresses your individual needs. You have access to a wide range of mental health and substance abuse professional providers, so you can get the appropriate level of responsive, confidential care.

You are covered for a full range of counseling and treatment services. Your program covers the following services you receive from a provider to treat mental illness:

Inpatient Facility Services

Hospital services are provided for the inpatient treatment of mental illness by a facility provider. Inpatient facility services must be provided twenty-four hours a day, seven days a week by or under the direction of a psychiatrist, a psychiatric nurse practitioner or a psychologist when legally authorized by the state. Inpatient facility services are recommended for patients who are an acute danger to themselves or others or who are unable to provide required self-care and lack available support.

Inpatient Medical Services

Covered inpatient medical services provided by a professional provider:

- Individual psychotherapy
- Group psychotherapy
- Psychological testing
- Family counseling
Counseling with family members to assist in your diagnosis and treatment
- Convulsive therapy treatment; and
Electroshock treatment or convulsive drug therapy including anesthesia when administered concurrently with the treatment by the same professional provider
- Medication management

Partial Hospitalization Program

Benefits are only available for mental health care services provided on a partial hospitalization basis when received through a partial hospitalization program. A mental health care service provided on a partial hospitalization basis will be deemed an outpatient care visit and is subject to any outpatient care cost-sharing amounts.

Outpatient Mental Health Care Services

Inpatient facility service and inpatient medical benefits provided by a facility provider or professional provider as previously described, are also available when provided for the outpatient treatment of mental illness by a facility provider, or a professional provider. Benefits are also provided for mental health care services received through an Intensive Outpatient Program.

Orthotic Devices

Purchase, fitting, necessary adjustment, repairs and replacement of a rigid or semi-rigid supportive device which restricts or eliminates motion of a weak or diseased body part.

Outpatient Medical Care Services (Office Visits)

Medical care rendered by a professional provider when you are an outpatient for a condition not related to surgery, pregnancy or mental illness, except as specifically provided. Covered services include medical care visits, telemedicine services and consultations for the examination, diagnosis and treatment of an injury or illness.

Please note that as a Highmark member, you enjoy many convenient options for where you can receive outpatient care. You can physically go to one of the following providers:

- Primary care provider's (PCP) or specialist's office
- Physician's office located in an outpatient hospital/hospital satellite setting
- Urgent Care Center
- Retail site, such as in a pharmacy or other retail store

Or you can interact with a professional provider as follows:

- A virtual visit between you and a PCP or retail clinic via an audio and video telecommunications system
- A virtual visit via an audio and video telecommunications system for the treatment of mental illness or substance abuse
- A virtual visit between you and a specialist via the internet or similar electronic communications for the treatment of skin conditions or diseases
- A specialist virtual visit between you and a specialist via audio and video telecommunications. Benefits are provided for a specialist virtual visit when you communicate with the specialist from any location, such as your home, office or another mobile location, or if you travel to a provider-based location referred to as a provider originating site. If you communicate with the specialist from a provider originating site, you will be responsible for the specialist virtual visit provider originating site fee. Benefits will not be provided for a specialist virtual visit if the visit is related to the treatment of mental illness or substance abuse.

Different types of providers and their locations may require different payment amounts. The specific amounts you are responsible for paying depend on your particular Highmark benefits.

Allergy Extract/Injections

Benefits are provided for allergy extract and allergy injections.

Therapeutic Injections

Therapeutic injections required in the diagnosis, prevention and treatment of an injury or illness. However, benefits for certain therapeutic injectables as identified by Highmark and which are appropriate for self-administration will be provided only when received from a participating pharmacy provider.

Pediatric Dental Services

Benefits are provided for members for the following when rendered by a participating dentist who is a network provider:

- Oral evaluations
 - Comprehensive, periodic and limited problem focused
 - Consultations
 - Detailed problem focused

- Pulpal therapy - through age 5 on primary anterior teeth and through age 11 on primary posterior teeth.
- Root canal retreatment - one per tooth per lifetime.
- Recementation - one per five years. Recementation during the first 12 months following insertion by the same dentist is included in the prosthetic service benefit.
- Administration of I.V. sedation, nitrous oxide or general anesthesia is limited to covered oral surgical procedures involving one or more impacted teeth (soft tissue, partial bony or complete bony impactions)
- Therapeutic drug injections - only covered in unusual circumstances, by report.
- Orthodontics - Covered services which are intended to treat a severe dentofacial abnormality and are the only method capable of preventing irreversible damage to your teeth or their supporting structures, and restoring your oral structure to health and function.
 - Orthodontic treatment limitations
 - All pediatric orthodontic treatment is subject to precertification by Highmark and must be part of an approved written plan of care.
 - To be eligible for pediatric orthodontic treatment, you must: 1) continue to be enrolled during the duration of treatment; and 2) have a fully erupted set of permanent teeth.
- An alternate benefit provision (ABP) will be applied if a covered dental condition can be treated by means of a professionally acceptable procedure which is less costly than the treatment recommended by the dentist. The ABP does not commit

you to the less costly treatment. However, if you and the provider choose the more expensive treatment, you are responsible for the additional charges beyond those allowed under this ABP.

- Coverage terminates for pediatric dental services at the end of the benefit period in which the member reaches age 19.

Pediatric Extended Care Services

Benefits are provided for care received from a pediatric extended care facility that is licensed by the state and is primarily engaged in providing basic non-residential services to infants and/or young children who have complex medical needs requiring skilled nursing and therapeutic care and who may be technologically dependent.

Services rendered by a pediatric extended care facility pursuant to a treatment plan for which benefits may include one or more of the following:

- Skilled nursing services of a Registered Nurse (RN) or Licensed Practical Nurse (LPN)
- Physical medicine, speech therapy and occupational therapy
- Respiratory therapy
- Medical and surgical supplies provided by the pediatric extended care facility
- Acute health care support
- Ongoing assessments of health status, growth and development

Pediatric extended care services will be covered for children eight years of age or under, pursuant to the attending physician's treatment plan only when provided in a pediatric extended care facility, and when approved by Highmark.

A prescription from the child's attending physician is necessary for admission to such facility.

No benefits are payable after the child has reached the maximum level of recovery possible for his or her particular condition and no longer requires definitive treatment other than routine supportive care.

Pediatric Vision Care Services

Benefits are provided for members under age 19 every 12 consecutive months for the following when rendered by a participating vision provider:

- One comprehensive eye examination (including dilation as professionally indicated)

- One pair of single vision, bifocal, trifocal or lenticular lenses (including glass, plastic or oversized lenses)
- One pair of frames from a selection designated by Highmark

Coverage for pediatric vision care services terminates at the end of the month in which the member reaches age 19.

Preventive Care Services

Benefits will be provided for covered services. Refer to the Summary of Benefits for your program's specific level of coverage.

Adult Care

Routine physical examinations, regardless of medical necessity and appropriateness, including a complete medical history, and other items and services.

Well-woman benefits are provided for items and services including, but not limited to, an initial physical examination to confirm pregnancy, screening for gestational diabetes, coverage for contraceptive methods and counseling for all members capable of pregnancy and breastfeeding support and counseling.

Adult Immunizations

Benefits are provided for adult immunizations, including the immunizing agent, when required for the prevention of disease.

Colorectal Cancer Screenings

Benefits are provided for the following tests or procedures when ordered by a physician for the purpose of early detection of colorectal cancer:

- Basic diagnostic laboratory and pathology screening services such as a fecal-occult blood or fecal immunochemical test
- Basic diagnostic standard imaging screening services such as barium enema
- Surgical screening services such as flexible sigmoidoscopy and colonoscopy and hospital services related to such surgical screening services
- Such other basic diagnostic laboratory and pathology, basic diagnostic standard imaging, surgical screening tests, basic diagnostic medical and advanced imaging screening services consistent with approved medical standards and practices for the detection of colon cancer

Benefits are provided for members 45 years of age or older as follows, or more frequently and regardless of age when prescribed by a physician:

- An annual fecal-occult blood test or fecal immunochemical test

- A sigmoidoscopy every five years
- A screening barium enema or test consistent with approved medical standards and practices to detect colon cancer every five years
- A colonoscopy every 10 years

If you are determined to be at high or increased risk, regardless of age, benefits are provided for a colonoscopy or any other combination of covered services related to colorectal cancer screening when prescribed by a physician and in accordance with the American Cancer Society guidelines on screening for colorectal cancer as of January 1, 2008.

Colorectal cancer screening services which are otherwise not described herein and are prescribed by a physician for a symptomatic member are not considered preventive care services. The payment for these services will be consistent with similar medically necessary and appropriate covered services.

Diabetes Prevention Program

Benefits are provided if you meet certain medical criteria of having a high risk of developing type 2 diabetes and when you are enrolled in a diabetes prevention program that is offered through a network diabetes prevention provider. Coverage is limited to one enrollment in a diabetes prevention program per year, regardless of whether you complete the diabetes prevention program.

Mammographic Screening

Benefits are provided for the following:

- An annual routine mammographic screening starting at 40 years of age or older pursuant to the 2002 recommendations by the United States Preventive Services Task Force.
- Mammographic screenings for all members regardless of age when such services are prescribed by a physician.

Benefits for mammographic screening are payable only if performed by a mammography service provider who is properly certified by the Pennsylvania Department of Health in accordance with the Mammography Quality Assurance Act of 1992.

Pediatric Care

Routine physical examinations, regardless of medical necessity and appropriateness, and other items and services.

Pediatric Immunizations

Benefits are provided to members under 21 years of age and dependent children for those pediatric immunizations, including the immunizing agents, which conform with the standards of the Advisory Committee on Immunization Practices of the Center for Disease Control and U.S. Department of Health and Human Services. Benefits are not subject to the program deductibles or dollar limits.

Preventive Vaccines

Benefits are provided for preventive vaccines when given at participating pharmacies. These vaccines require no copay or coinsurance, and you do not have to have met your deductible to take advantage of these services. Visit your member website to find participating pharmacies near you and if any restrictions apply.

Routine Gynecological Examination and Pap Test

Benefits are provided for one routine gynecological examination, including a pelvic and clinical breast examination, and one routine Papanicolaou smear (pap test) per calendar year. Benefits are not subject to program deductibles or maximums.

Routine Screening Tests and Procedures

Benefits are provided for routine screening tests and procedures, regardless of medical necessity and appropriateness.

Tobacco Use, Counseling and Interventions

Benefits are provided for screenings for tobacco use and, for those who use tobacco products, two tobacco cessation attempts per year. A tobacco cessation attempt includes four tobacco cessation counseling sessions and covered medications.

Private Duty Nursing Services

Services of an actively practicing Registered Nurse (RN) or Licensed Practical Nurse (LPN) when ordered by a physician, providing such nurse does not ordinarily reside in your home or is not a member of your immediate family.

- If you are an inpatient in a facility provider only when Highmark determines that the nursing services required are of a nature or degree of complexity or quantity that could not be provided by the regular nursing staff.
- If you are at home only when Highmark determines that the nursing services require the skills of an RN or an LPN.

Prosthetic Appliances

Purchase, fitting, necessary adjustments, repairs, and replacements of prosthetic devices and supplies which replace all or part of an absent body organ and its adjoining tissues, or

replace all or part of the function of a permanently inoperative or malfunctioning body organ (excluding dental appliances and the replacement of cataract lenses). Initial and subsequent prosthetic devices to replace the removed breast(s) or a portion thereof are also covered.

Skilled Nursing Facility Services

Services rendered in a skilled nursing facility to the same extent benefits are available to an inpatient of a hospital.

No benefits are payable:

- after you have reached the maximum level of recovery possible for your particular condition and no longer require definitive treatment other than routine supportive care;
- when confinement is intended solely to assist you with the activities of daily living or to provide an institutional environment for your convenience; or
- for treatment of substance abuse or mental illness.

Spinal Manipulations

Spinal manipulations for the detection and correction by manual or mechanical means of structural imbalance or subluxation resulting from or related to distortion, misalignment, or subluxation of or in the vertebral column.

Substance Abuse Services

Benefits are provided for detoxification services, individual and group counseling and psychotherapy, psychological testing, and family counseling for the treatment of substance abuse when rendered by a facility provider or professional provider and include the following:

- Detoxification services rendered;
 - on an inpatient basis in a hospital or substance abuse treatment facility; or
 - on an outpatient basis
- Substance abuse treatment facility services for non-hospital inpatient residential treatment and rehabilitation services. Residential treatment and rehabilitation services include medically monitored high intensity inpatient services with twenty-four hour nursing care and physician availability and medically managed intensive inpatient services with twenty-four hour nursing care and daily physician oversight; and

- Outpatient services rendered in a hospital, substance abuse treatment facility or through an Intensive Outpatient Program or Partial Hospitalization Program, and outpatient substance abuse treatment facility services for rehabilitation therapy

For purposes of this benefit, a substance abuse service provided on a partial hospitalization basis shall be deemed an outpatient care visit and is subject to any outpatient care cost-sharing amounts. Benefits are also provided for substance abuse services rendered through an Opioid Treatment Program or Office Based Opioid Treatment Program.

Surgical Services

This program covers the following services you receive from a professional provider. See the Health Care Management section for additional information which may affect your benefits.

Anesthesia

Administration of anesthesia for covered surgery when ordered by the attending professional provider and rendered by a professional provider other than the surgeon or the assistant at surgery. Benefits will also be provided for the administration of anesthesia for covered oral surgical procedures in an outpatient setting when ordered and administered by the attending professional provider.

Assistant at Surgery

Services of a physician who actively assists the operating surgeon in the performance of covered surgery. Benefits will be provided for an assistant at surgery only if a house staff member, intern or resident is not available.

Mastectomy and Breast Cancer Reconstruction

Benefits are provided for a mastectomy performed on an inpatient or outpatient basis and for the following:

- All stages of reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses; and
- Treatment of physical complications of mastectomy, including lymphedema

Benefits are also provided for one home health care visit, as determined by your physician, within 48 hours after discharge, if such discharge occurred within 48 hours after an admission for a mastectomy.

Special Surgery

– Oral Surgery

Benefits are provided for the following limited oral surgical procedures in an outpatient setting when preauthorized by Highmark or in an inpatient setting if determined to be medically necessary and appropriate:

- Extraction of impacted third molars when partially or totally covered by bone
 - Extraction of teeth in preparation for cardiac surgery, organ transplantation or radiation therapy
 - Mandibular staple implant, provided the procedure is not done to prepare the mouth for dentures
 - Lingual frenectomy, frenotomy or frenoplasty (to correct tongue-tie) and mandibular frenectomy
 - Facility provider and anesthesia services rendered in conjunction with non-covered dental procedures when determined by Highmark to be medically necessary and appropriate due to your age and/or medical condition
 - Accidental injury to the jaw or structures contiguous to the jaw except teeth
 - The correction of a non-dental physiological condition which has resulted in a severe functional impairment
 - Treatment for tumors and cysts requiring pathological examination and for infections of the jaw, cheeks, lips, tongue, roof and floor of the mouth
 - Orthodontic treatment of congenital cleft palates involving the maxillary arch, performed in conjunction with bone graft surgery to correct the bony deficits associated with extremely wide clefts affecting the alveolus
- Sterilization
- Sterilization and its reversal regardless of medical necessity and appropriateness.

Second Surgical Opinion

A consulting physician's opinion and directly related diagnostic services to confirm the need for recommended elective surgery.

Keep in mind that:

- the second opinion consultant must not be the physician who first recommended elective surgery;

- elective surgery is covered surgery that may be deferred and is not an emergency;
- use of a second surgical opinion is at your option;
- if the first opinion for elective surgery and the second opinion conflict, then a third opinion and directly related diagnostic services are covered services; and
- if the consulting opinion is against elective surgery and you decide to have the elective surgery, the surgery is a covered service. In such instance, you will be eligible for a maximum of two such consultations involving the elective surgical procedure in question, but limited to one consultation per consultant.

Surgery

- Surgery performed by a professional provider. Separate payment will not be made for pre- and post-operative services.
- If more than one surgical procedure is performed by the same professional provider during the same operation, the total benefits payable will be the amount payable for the highest paying procedure and no allowance shall be made for additional procedures except where Highmark deems that an additional allowance is warranted.

Therapy, Rehabilitative and Habilitative Services

*Benefits will be provided for the following services when such services are ordered by a physician:

- Cardiac rehabilitation (does not include services provided for habilitative purposes)
- Chemotherapy
- Dialysis treatment
- Infusion therapy when performed by a facility provider or ancillary provider and for self-administration if the components are furnished and billed by a facility provider or ancillary provider. Benefits for certain infusion therapy prescription drugs as identified by Highmark and which are appropriate for self-administration will be provided only when received from a participating pharmacy provider.
- Occupational therapy
- Physical medicine
- Pulmonary therapy
- Radiation therapy
- Respiratory therapy
- Speech therapy

*Refer to the Summary of Benefits for therapy and rehabilitation services covered under your plan.

Transplant Services

Benefits will be provided for covered services furnished by a hospital which are directly and specifically related to the transplantation of organs, bones, tissue or blood stem cells.

If a human organ, bone, tissue or blood stem cell transplant is provided from a living donor to a human transplant recipient:

- when both the recipient and the donor are members, each is entitled to the benefits of their program;
- when only the recipient is a member, both the donor and the recipient are entitled to the benefits of this program. Benefits provided to the donor will be charged against the recipient's coverage under this program to the extent that benefits remain and are available under this program after benefits for the recipient's own expenses have been paid;
- when only the donor is a member, the donor is entitled to the benefits of this program, subject to the following additional limitations: 1) the benefits are limited to only those not provided or available to the donor from any other source in accordance with the terms of this program; and 2) no benefits will be provided to the non-member transplant recipient; and
- if any organ, tissue or blood stem cell is sold rather than donated to the member recipient, no benefits will be payable for the purchase price of such organ, tissue or blood stem cell; however, other costs related to evaluation and procurement are covered up to the member recipient's program limit.

Covered Services - Prescription Drug Program

Prescription drugs are covered when you purchase them through the pharmacy network applicable to your program. For convenience and choice, these pharmacies include both major chains and independent stores. To locate a network pharmacy, go to your member website, log in and choose **Prescriptions**. Or call Member Service at the number on the back of your ID card.

Your program may also include a formulary. The formulary is a list of FDA-approved prescription drugs. It covers products in every major treatment category. The formulary is on your member website. You can also call Member Service for more information.

A drug formulary may restrict coverage of some drugs. To help manage costs, coverage will be for the generic drug if it is available. Generic drugs have the same active ingredient as brand names. Generic drugs must also meet the same FDA requirements.

Your program may also include a mandatory generic penalty (MGP) provision. The MGP provision provides that if you receive a brand name drug when a generic equivalent is available you must pay the price difference between the brand and generic prices in addition to the applicable copayment or coinsurance amount.

To help contain costs, if a generic drug is available, you will be given the generic. As you probably know, generic drugs have the same chemical composition and therapeutic effects as brand names and must meet the same FDA requirements.

Should you purchase a brand name drug when a generic is available and authorized by your doctor, you must pay the price difference between the brand and generic prices in addition to the applicable copayment or coinsurance amount. However, for certain specified brand drugs, benefits are only provided if an appropriate authorization is received. See the subsection titled Step Therapy Program in the Prescription Drug Management section of this booklet for more information.

Covered Drugs

Covered drugs include:

- those which, under Federal law, are required to bear the legend: "Caution: Federal law prohibits dispensing without a prescription;"
- legend drugs under applicable state law and dispensed by a licensed pharmacist;
- preventive drugs that are offered in accordance with a predefined schedule and are prescribed for preventive purposes, including FDA-approved tobacco cessation drugs. Highmark periodically reviews the schedule based on legislative requirements and the advice of the American Academy of Pediatrics, the U.S.

Preventive Services Task Force, the Blue Cross Blue Shield Association and medical consultants. Therefore, the frequency and eligibility of services is subject to change. For a current schedule of covered preventive drugs, log onto your member website, or call Member Service at the toll-free telephone number listed on the back of your ID card;

- immunizations that are offered in accordance with a predefined preventive schedule and that are prescribed for preventive purposes and are not subject to cost-sharing when received from a participating pharmacy provider;
- prescribed injectable insulin;
- diabetic supplies, including needles and syringes;
- continuous glucose monitoring devices when prescribed by your provider in connection with a covered service and when purchased at a participating pharmacy provider for outpatient use; and
- certain drugs that may require prior authorization

Exclusive Pharmacy Provider

Covered drugs also include selected prescription drugs within, but not limited to, the following drug classifications only when such drugs are covered medications and are dispensed through an exclusive pharmacy provider. These particular prescription drugs will be limited to your benefit program's retail cost-sharing provisions and retail days supply.

These selected prescription drugs may be ordered by a physician or other health care provider on your behalf or you may submit the prescription order directly to the exclusive pharmacy provider. In either situation, the exclusive pharmacy provider will deliver the prescription to you.

- Oncology-related therapies
- Interferons
- Agents for multiple sclerosis and neurological related therapies
- Antiarthritic therapies
- Anticoagulants
- Hematinic agents
- Immunomodulators
- Growth hormones
- Hemophilia related therapies
- Fertility drugs

For a complete listing of those prescription drugs that must be obtained through an exclusive pharmacy provider, contact Member Service at the toll-free telephone number on the back of your ID card.

Continuous Glucose Monitoring Devices

Coverage is provided for continuous glucose monitoring devices prescribed by your provider in connection with a covered service, when purchased at a participating pharmacy provider for outpatient use. Receiver kits are limited to one (1) per benefit period. Sensor kits are limited to one (1) refill every thirty (30) days. Transmitter kits are limited to one (1) refill every ninety (90) days.

Specialty Prescription Drug

The cost-sharing amounts for specialty prescription drugs or for certain other high-cost prescription drugs are applicable to those prescription drugs dispensed to you when you do not receive cost-sharing assistance such as coupons provided by a drug manufacturer.

In the event you receive such cost-sharing assistance, amounts paid or credited by a drug manufacturer on your behalf will not accrue toward the satisfaction of the deductible or out-of-pocket maximums. Additionally, each separate prescription order or refill for the prescription drug will be paid by Highmark subject to a coinsurance of 30% Provider's Allowable Price. If you exhaust cost-sharing assistance available from a manufacturer you will not be responsible for more cost-sharing for the prescription drug or refill than the amount for which you were responsible while receiving such cost-sharing assistance.

- Prescription drugs or refills dispensed by a non-participating pharmacy provider.
- Prescription drugs to which you are entitled, with or without charge, under a plan or program of any government or governmental body.
- Services of your attending physician, surgeon or other medical attendant.

How Your Health Care Program Works

Your program is responsive, flexible coverage that lets you get the medically necessary and appropriate care you want from the health care provider you select.

Here is how your health care program works. When you or a covered family member needs certain medical services, including:

- Primary care provider office visits
- Specialist office visits
- Physical, speech and occupational therapy
- Diagnostic services
- Inpatient and outpatient hospital services
- Home health or hospice care

Network Care

Network care is care you receive from providers in your program's network.

When you receive health care within the network, you enjoy maximum coverage and maximum convenience. You present your ID card to the provider who submits your claim.

Out-of-Network Care

Out-of-network care is care you receive from providers who are not in your program's network.

Out-of-network providers are not in the program's network. When using out-of-network providers, you may still have coverage for most eligible services, except you will share more financial and paperwork responsibilities. In addition, you may be responsible for paying any differences between the program's payments and the provider's actual charges. Finally, you may need to file your own claims and obtain precertification for inpatient care. You should always check with the provider before getting care to understand at what level your care will be covered.

Remember: If you want to enjoy maximum benefits coverage, you need to be sure you receive care from a network provider. See the Summary of Benefits for your coverage details.

Even though a hospital may be in our network, not every doctor providing services in that hospital is in the network. For example: If you are having surgery, make sure that all of your providers, including surgeons, anesthesiologists and radiologists, are in the network.

Provider Reimbursement and Member Liability

Highmark uses the Plan Allowance to calculate the benefit payable and the financial liability of the member for Medically Necessary and Appropriate Services covered under this plan. Refer to the Terms You Should Know section for the definition of Plan Allowance.

Highmark's payment is determined by first subtracting any deductible and/or copayment liability from the Plan Allowance. The coinsurance percentage set forth in the Summary of Benefits is then applied to that amount. This amount represents Highmark's payment. Any remaining coinsurance amount is the member's responsibility. The member's total cost-sharing liability is the sum of the coinsurance plus any deductible and/or copayment obligations.

When you receive covered services from an out-of-network provider, in addition to your cost-share liability described above, you will be responsible for the difference between Highmark's payment and the provider's billed charge. If you receive services which are not covered under your plan, you are responsible for all charges associated with those services.

However, the following covered services when received from an out-of-network provider will be provided at the network services level of benefits and you will not be responsible for such difference:

1. Emergency care services; and
2. Ambulance services, when provided in conjunction with emergency care services or when provided by air.

Additionally, in very limited circumstances, you may not be liable for charges for non-emergency covered services received from certain professional providers or ancillary providers who are not part of the network. A network facility provider may have an arrangement with a professional provider or ancillary provider who is not part of the network to render certain items and professional services (such as, but not limited to, equipment, devices, anesthesiology, radiology or pathology services) to patients of the network facility provider. The selection of such professional providers or ancillary providers may be beyond your control. In that situation, you will not be liable, except for applicable network deductible, copayment, or coinsurance obligations, for the charges of the professional provider or ancillary provider.

Out-of-Area Care

Your program also provides coverage for you and your eligible dependents when you receive care from providers located outside the Plan Service Area. For specific details, see the Inter-Plan Arrangements section of this booklet.

If you are traveling and an urgent injury or illness occurs, you should seek treatment from the nearest hospital, emergency room or clinic: If the treatment results in an admission the

provider must obtain precertification from Highmark. However, it is important that you confirm Highmark's determination of medical necessity and appropriateness. If precertification is not obtained and the admission is not considered to be medically necessary and appropriate, you will be responsible for all costs associated with the stay. For specific details, see the Health Care Management section of this booklet.

Inter-Plan Arrangements

Out-of-Area Services

Highmark has a variety of relationships with other Blue Cross and/or Blue Shield licensees referred to generally as "inter-plan arrangements." These inter-plan arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association. Whenever members access health care services outside of the geographic area served by Highmark Inc. within Pennsylvania, the claim for those services may be processed through one of these inter-plan arrangements, as described generally below.

Typically, when accessing care outside of the Highmark geographic area within Pennsylvania, members obtain care from providers that have a contractual agreement ("participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, members may obtain care from providers in the Host Blue geographic area that do not have a contractual agreement ("non-participating providers") with the Host Blue. Highmark remains responsible for fulfilling our contractual obligations to you. Highmark's payment practices in both instances are described below.

BlueCard® Program

The BlueCard® Program is an inter-plan arrangement. Under this arrangement, when members access covered services outside of the Highmark geographic area within Pennsylvania, the Host Blue will be responsible for contracting and handling all interactions with its participating health care providers.

The financial terms of the BlueCard Program are described generally below.

Liability Calculation Method per Claim

Unless subject to a fixed dollar copayment, the calculation of the member liability on claims for covered services processed through the BlueCard Program will be based on the lower of the participating provider's billed charges for covered services or the negotiated price made available to Highmark by the Host Blue.

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's health care provider contracts. The negotiated price made available to Highmark by the Host Blue may be represented by one of the following:

- an actual price - An actual price is a negotiated rate of payment in effect at the time a claim is processed without any other increases or decreases, or
- an estimated price - An estimated price is a negotiated rate of payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, retrospective settlements and performance-related bonuses or incentives, or
- an average price - An average price is a percentage of billed charges for covered services in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its providers or a similar classification of its providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

Host Blues determine whether or not they will use an actual price, estimated or average price. Host Blues using either an estimated price or an average price may prospectively increase or reduce such prices to correct for over- or underestimation of past prices, (ie, prospective adjustment may mean that a current price reflects additional amounts or credits for claims already paid or anticipated to be paid to providers or refunds received or anticipated to be received from providers). However, the BlueCard Program requires that the amount paid by the member is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims. The method of claims payment by Host Blues is taken into account by Highmark in determining the member's premiums.

Special Cases: Value-Based Programs

Highmark has included a factor for bulk distributions from Host Blues in your premium for Value-Based Programs when applicable under your program. Additional information is available upon request.

Return of Overpayments

Recoveries of overpayments from a Host Blue or its participating and non-participating providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, provider/hospital bill audits, credit balance audits, utilization review refunds and unsolicited refunds. Recoveries will be applied so that corrections will be made, in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to Highmark, they will be credited to your account. In some cases, the Host Blue will engage a third party to assist in identification or collection of overpayments. The fees of such a third party may be charged to you as a percentage of the recovery.

Inter-Plan Programs: Federal State Taxes/Surcharges/Fees

In some instances, federal or state laws or regulations may impose a surcharge, tax or other fee that applies to insured accounts. If applicable, Highmark will include any such surcharge, tax or other fee in determining your premium.

Non-Participating Providers Outside of the Highmark Geographic Area within Pennsylvania

Member Liability Calculation

When covered services are provided outside of the Highmark geographic area within Pennsylvania by non-participating providers, the amount(s) a member pays for such services will generally be based on either the Host Blue's non-participating provider local payment or the pricing arrangements required by applicable law. In these situations, the member may be responsible for the difference between the amount that the non-participating provider bills and the payment Highmark will make for the covered services as set forth in this paragraph. Payments for emergency services rendered by non-participating providers will be governed by applicable federal and state law.

Exceptions

In some exception cases, Highmark may pay claims from non-participating providers outside of the Highmark geographic area within Pennsylvania based on the provider's billed charge. This may occur in situations where a member did not have reasonable access to the participating provider, as determined by Highmark in Highmark's sole and absolute discretion or by applicable law. In other exception cases, Highmark may pay such claims based on the payment Highmark would make if Highmark were paying a non-participating provider for the same covered service inside the Plan service area as described elsewhere in this document. This may occur where the Host Blue's corresponding payment would be more than the plan in-service area non-participating provider payment. Highmark may choose to negotiate a payment with such a provider on an exception basis.

Unless otherwise stated, in any of these exception situations, the member may be responsible for the difference between the amount that the non-participating provider bills and payment Highmark will make for the covered services as set forth in this paragraph.

Blue Cross Blue Shield Global Core Program

If members are outside the United States (hereinafter "BlueCard service area"), they may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing covered services. The Blue Cross Blue Shield Global Core Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core Program assists members with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when members receive care from providers outside the BlueCard service area,

they will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

Inpatient Services

In most cases, if members contact the Blue Cross Blue Shield Global Core service center ("service center") for assistance, hospitals will not require members to pay for inpatient covered services, except for their cost-sharing amounts. In such cases, a Blue Cross Blue Shield Global Core contracting hospital will submit member claims to the service center to initiate claims processing. However, if the member paid in full at the time of service, the member must submit a claim to obtain reimbursement for covered services. **Members must contact Highmark to obtain precertification or preauthorization for non-emergency inpatient services.**

Outpatient Services

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require members to pay in full at the time of service. Members must submit a claim to obtain reimbursement for covered services.

Submitting a Blue Cross Blue Shield Global Core Claim

When members pay for covered services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, members should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the service center address on the form to initiate claims processing. The claim form is available from Highmark, the service center or online at www.bcbsglobalcore.com. If members need assistance with their claim submissions, they should call the service center at 800-810-BLUE (2583) or call collect at 804-673-1177, 24 hours a day, seven days a week.

Your Provider Network

The network includes: primary care providers; a wide range of specialists; mental health and substance abuse providers; community and specialty hospitals; and laboratories.

To determine if your physician is in the network, call the Member Service toll-free telephone number on the back of your ID card, or log onto www.highmarkbcbs.com.

Getting your care "through the network" also assures you get quality care. All physicians are carefully evaluated before they are accepted into the network. We consider educational background, office procedures and performance history to determine eligibility. Then we monitor care on an ongoing basis through office record reviews and patient satisfaction surveys.

Please note that while you or a family member can use the services, including behavioral health and well-woman care, of any network physician or specialist without a referral and

receive the maximum coverage under your benefit program, you are encouraged to select a personal or primary care provider. This helps establish an ongoing relationship based on knowledge and trust and helps make your care consistent. Your personal provider can help you select an appropriate specialist and work closely with that specialist when the need arises. In addition, primary care providers or their covering physicians are on call 24/7.

Remember:

It is *your* responsibility to ensure that you receive network care. You may want to double-check any provider recommendations to make sure the doctor or facility is in the network.

How to Obtain Information Regarding Your Physician

To view information regarding your PCP or network specialist, visit your member website at www.highmarkbcbs.com and click on "Find a Doctor" to start your search. Search for the physician, then click on the provider's name to view the following information:

- Name, address, telephone numbers
- Professional qualifications
- Specialty
- Medical school attended
- Residency completion
- Board certification status
- Hospital affiliations

In addition to this information, to obtain more information on network providers, you may call Member Service at the toll-free telephone number on the back of your ID card.

Prescription Drug Providers

You must purchase drugs from a network pharmacy to be eligible for benefits under this program. *No benefits are available if drugs are purchased from a non-network pharmacy.*

- **Network Pharmacy:** Network pharmacies have an arrangement with Highmark to provide prescription drugs to you at an agreed upon price. When you purchase covered drugs from a pharmacy in the network applicable to your program, present your prescription and ID card to the pharmacist. (Prescriptions that the pharmacy receives by phone from your physician or dentist may also be covered.) You should request and retain a receipt for any amounts you have paid if needed for income tax or any other purpose.

If you travel within the United States and need to refill a prescription, call Member Service for help. They can help you find a network pharmacy near the area you are visiting. You also can use the member website to find a pharmacy. Once you have the name and address of the network pharmacy, take the prescription bottle to that pharmacy. The pharmacist will contact your home pharmacy to start the refill process.

Note: Save the new medicine container. This will make it easier to transfer the prescription back to your pharmacy at home.

- **Mail Order Pharmacy:** Express Scripts® is your program's mail order pharmacy. This option offers savings and convenience for prescriptions you may take on an ongoing basis.

To start using mail order:

1. Ask your doctor to write a prescription for up to a 90-day supply, plus refills for up to one year, if appropriate.
2. Complete the Pharmacy Mail Order Form and Health, Allergy & Medication Questionnaire. You can get these forms by calling Member Service or from your member website. After logging in, click on the "Prescriptions" tab. Scroll down the page to "Forms to Manage Your Plan" and click on "Mail order form and health questionnaire (PDF)".

3. Send the completed forms and your payment to the address listed on the mail order form. It usually takes about five days to get your prescription after it has been processed.

Your mail order will include directions for ordering refills.

- **Exclusive Pharmacy Provider:** The exclusive pharmacy provider has an agreement, either directly or indirectly, with Highmark pertaining to the payment and exclusive dispensing of selected prescription drugs provided to you. In addition, this pharmacy provider may also, but is not limited to, exclusively dispensing drugs: a. that may require special handling; b. for which special instructions must be provided upon dispensing; or c. are considered to be limited distribution drugs. Please refer to the Covered Services - Prescription Drug Program section for a list of the selected prescription drug categories.

Health Care Management

Medical Management

For your benefits to be paid under your program, services and supplies must be considered medically necessary and appropriate. However, not all medically necessary and appropriate services and supplies are covered under your program.

Highmark, or its designated agent, is responsible for determining whether care is medically necessary and provided in the appropriate setting.

A Highmark nurse will review your request for an inpatient admission to ensure it is appropriate for the treatment of your condition, illness, disease or injury, in accordance with standards of good medical practice, and the most appropriate supply or level of service that can safely be provided to you. When applied to hospitalization, this further means that you require acute care as an inpatient due to the nature of the services rendered for your condition and you cannot receive safe or adequate care as an outpatient.

Benefits after Provider Termination from the Network

If, at the time you are receiving medical care from a network provider, notice is received from Highmark that Highmark intends to terminate or has terminated all or portions of the contract of that network provider for reasons other than cause; or the contract of that network provider will not be renewed, or the participation status of the network provider is changing, you may, at your option, continue an active course of treatment with that provider until the treatment is complete or for a period of up to ninety (90) days from the date the notification of the termination or pending termination is received, whichever is shorter. For purposes of this subsection, active course of treatment means:

1. an ongoing course of treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted;
2. an ongoing course of treatment for a serious acute condition, defined as a disease or condition requiring specialized medical treatment to avoid the reasonable possibility of death or permanent harm or complex ongoing care which you are currently receiving, such as chemotherapy, radiation therapy or post-operative visits;
3. confirmed pregnancy, through the postpartum period;
4. scheduled non-elective surgery, through post-operative care;
5. an ongoing course of treatment for a health condition that is life-threatening, degenerative, potentially disabling or congenital and that requires specialized medical care over a prolonged period of time or for which a treating physician or health care provider attests that discontinuing care by that physician or

- health care provider would worsen the condition or interfere with anticipated outcomes; or
6. treatment for a terminal illness.

If, however, the network provider is terminated for cause and you continue to seek treatment from that provider, Highmark will not be liable for payment for health care services provided to you following the date of termination.

Any services authorized under this section will be covered in accordance with the same terms and conditions as applicable to a network provider. Nothing in this section shall require Highmark to pay benefits for health care services that are not otherwise provided herein.

Emergency Care Services - No Prior Approval Requirement

In the event that you require emergency care services, all charges for such covered services will be paid at the network services level of benefits. No prior authorization is required for emergency care services. In the event of an inpatient admission, you, your provider or a family member must notify Highmark within forty-eight (48) hours of the admission, or as soon as reasonably possible. Once you are stabilized Highmark may offer to transfer your care from an out-of-network provider to a network provider.

Pre-Admission Certification

When you require inpatient facility care, benefits for covered services will be provided as follows:

In-Area Network Care

When you use a network facility provider for inpatient care for other than an emergency admission, the facility will contact Highmark prior to the proposed admission, or within 48 hours or as soon as reasonably possible after an emergency admission, to obtain precertification for the admission.

You will be held harmless whenever precertification for an admission is not obtained. If the admission is determined not to be medically necessary and appropriate, you will be held harmless, except when Highmark provides prior written notice to you that the admission will not be covered. In such case, you will be financially responsible for charges for that admission.

Out-of-Area Network Care

In the event of a proposed inpatient stay for other than an emergency admission to a network facility provider located out-of-area, the facility will contact Highmark prior to the proposed admission, or within 48 hours or as soon as reasonably possible after an emergency admission, to obtain precertification for the admission. ***You are also***

responsible for contacting Highmark at the toll-free number listed on the back of your ID card to confirm Highmark's determination of medical necessity and appropriateness.

If precertification for a medically necessary and appropriate inpatient admission has been obtained, benefits for covered services will be provided. If a network facility does not contact Highmark for precertification, the inpatient admission will be reviewed for medical necessity and appropriateness. **It is important that you confirm Highmark's determination of medical necessity and appropriateness. If your admission is determined not to be medically necessary and appropriate, you will be responsible for the full amount of the network facility provider's charge.**

If you elect to be admitted after receiving written notification from Highmark that any portion of the proposed admission is not medically necessary and appropriate, you will be financially responsible for all charges associated with that portion of care. In an emergency admission, if you elect to remain hospitalized after receiving written notification Highmark that the level of care is no longer medically necessary and appropriate, you will be financially responsible for all charges from the date appearing on the written notification.

Out-of-area network providers are not obligated to abide by any determination of medical necessity and appropriateness rendered by Highmark. You may, therefore, receive services which are not medically necessary and appropriate for which you will be solely responsible.

Out-of-Network Care

In the event of a proposed inpatient stay for other than an emergency admission to an out-of-network facility provider, **you are responsible** for notifying Highmark prior to your proposed admission or within 48 hours or as soon as reasonably possible after an emergency admission. However, some facility providers will contact Highmark and obtain precertification of the inpatient admission on your behalf. Be sure to verify that your provider is contacting Highmark for precertification. If not, you are responsible for contacting Highmark.

If precertification for a medically necessary and appropriate inpatient admission has been obtained, benefits for covered services will be provided. If you do not contact Highmark for precertification as required, the inpatient admission will be reviewed for medical necessity and appropriateness. **If your admission is determined not to be medically necessary and appropriate, you will be responsible for the full amount of the out-of-network facility provider's charge.**

If you elect to be admitted after receiving written notification from Highmark that any portion of the proposed admission is not medically necessary and appropriate, you will be financially responsible for all charges associated with that portion of care. In an emergency admission, if you elect to remain hospitalized after receiving written notification Highmark

that the level of care is no longer medically necessary and appropriate, you will be financially responsible for all charges from the date appearing on the written notification.

Care Utilization Review Process

In order to assess whether care is provided in the appropriate setting, Highmark administers a care utilization review program comprised of prospective, concurrent and/or retrospective reviews. In addition, Highmark assists hospitals with discharge planning. These activities are conducted by a Highmark nurse working with a medical director. Here is a brief description of these review procedures:

Prospective Review

Prospective review, also known as precertification or pre-service review, begins upon receipt of treatment information.

After receiving the request for care, Highmark:

- verifies your eligibility for coverage and availability of benefits;
- reviews diagnosis and plan of treatment;
- assesses whether care is medically necessary and appropriate;
- authorizes care and assigns an appropriate length of stay for inpatient admissions

Concurrent Review

Concurrent review may occur during the course of ongoing treatment and is used to assess the medical necessity and appropriateness of the length of stay and level of care.

Discharge Planning

Discharge planning is a process that begins prior to your scheduled hospital admission. Working with you, your family, your attending physician(s) and hospital staff, Highmark will help plan for and coordinate your discharge to assure that you receive safe and uninterrupted care when needed at the time of discharge.

Outpatient Procedure or Covered Service Precertification

Precertification may be required to determine the medical necessity and appropriateness of certain outpatient procedures or covered services as determined by Highmark prior to the receipt of services.

In-Area Network Care

Network providers are responsible for the precertification of such procedure or covered service and you will not be financially responsible whenever certification for such procedure or covered service is not obtained by the network provider. If the procedure or covered service is deemed not to be medically necessary and appropriate, you will not be

financially responsible, except when Highmark provides prior written notice to you that charges for the procedure or covered service will not be covered. In such case, you will be financially responsible for such procedure or covered service.

Out-of-Area Care

Whenever you utilize a network provider located out-of-area, it is your responsibility to first contact Highmark to confirm the medical necessity and appropriateness of such procedure or covered service. If you do not contact Highmark for certification, that procedure or covered service may be reviewed after it is received to determine medical necessity and appropriateness. If the procedure or covered service is determined to be medically necessary and appropriate, benefits will be paid in accordance with the plan. If the procedure or covered service is determined not to be medically necessary and appropriate, no benefits will be provided. In such case you will be financially responsible for the full amount of the charge of the network provider located out-of-area.

Out-of-Network Care

Whenever you utilize an out-of-network provider, it is your responsibility to first contact Highmark to confirm the medical necessity and appropriateness and/or obtain precertification of such procedure or covered service. If you do not contact Highmark for precertification, that procedure or covered service may be reviewed after it is received to determine medical necessity and appropriateness. If the procedure or covered service is determined to be medically necessary and appropriate, benefits will be paid in accordance with the plan. You will be financially responsible for the difference between what is covered by the plan and the full amount of the out-of-network provider's charge. If such procedure or covered service is determined not to be medically necessary and appropriate, no benefits will be provided. In such case, you will be financially responsible for the full amount of the out-of-network provider's charge.

If you have any questions regarding procedures and services subject to precertification or Highmark's precertification determination of a procedure or service for medical necessity and appropriateness of certain outpatient procedures or covered services, you can contact Highmark via the toll-free Member Service telephone number located on the back of your ID card or check the member website.

Retrospective Review

Retrospective review may occur when a service or procedure has been rendered without the required precertification.

Case Management Services

Case Management is a voluntary program in which a case manager, with input from you and your health care providers, assists when you are facing and/or recovering from a hospital admission, dealing with multiple medical problems or facing catastrophic needs. Highmark case managers can provide educational support, assist in coordinating needed

health care services, put you in touch with community resources, assist in addressing obstacles to your recovery such as benefit and caregiver issues and answer your questions.

Individual Case Management

Highmark shall provide such alternative benefits, in its sole discretion, only when, and for so long as, it determines that the services are medically necessary and appropriate, cost effective, and that the total benefits paid for such procedures/services do not exceed the total benefits to which you would otherwise be entitled to.

Highmark, in its sole discretion, reserves the right to limit access and/or modify benefit(s), regardless of the disease or condition, when Highmark identifies utilization patterns that could potentially result in harm to you or the public.

You can call and request case management services if you feel you need it by contacting Member Services at the telephone number listed on the back of your ID card.

Health Improvement Services and Support

From time to time, Highmark may directly or indirectly make available to you information and access to non-medical items, services and support programs designed to address underlying social and environmental factors that may impact your health status. Such information, items, services and support programs furnished directly by Highmark will be provided without charge and shall not alter the benefits provided under this program.

Selection of Providers

You have the option of choosing where and from whom to receive covered services. You may utilize a network provider or an out-of-network provider. However, covered services received from a network provider are usually provided at a higher level of benefits than those received from an out-of-network provider and certain non-emergency services may only be covered when rendered by a network provider. Please note that benefits for covered telemedicine services are only provided when such services are rendered by a designated telemedicine provider.

In the event you require non-emergency covered services that are not available within the network, Highmark may refer you to an out-of-network provider. You must notify Highmark prior to receiving a covered service from an out-of-network provider in order for Highmark to facilitate this arrangement. In such cases, services will be covered at the network level so that you will not be responsible for any greater out-of-pocket amount than if services had been rendered by a network provider. You will not be responsible for any difference between Highmark's payment and the out-of-network provider's billed charge.

Prescription Drug Management

Your prescription drug program provides the following provisions which will determine the medical necessity and appropriateness of covered medications and supplies.

Early Refill

Except for the purposes of Medication Synchronization, no coverage is provided for any refill of a covered medication that is dispensed before your predicted use of at least 75% of the days' supply of the previously dispensed covered medication, unless your physician obtains precertification from Highmark for an earlier refill.

Unexpected Event

If your prescription is lost or stolen due to an event such as a fire or theft, you may be able to get an early refill. Call Member Service at the number on your member ID card for help. You will need a copy of the report from the fire department, police department or other agency.

Please note: The early refill authorization does not apply to events that can be controlled, such as spilling or losing the medicine.

Traveling Abroad

If you will be out of the country when it is time to refill your prescription, call Member Service for help. Be sure to have your member ID card and your prescription information. Please allow at least five business days to complete the request.

Individual Case Management

From time to time, Highmark may offer you the opportunity to participate in Prescription Drug care management programs. These programs are designed to help you maintain good health, manage chronic conditions or special health care needs and reduce risk factors. Such care management programs may include the provision of devices or durable medical equipment at no additional cost to you. Participation in these programs is voluntary and Highmark reserves the right to modify or discontinue any such program at any time.

Highmark, in its sole discretion, reserves the right to limit access and/or modify benefit(s), regardless of the disease or condition, when Highmark identifies utilization patterns that could potentially result in harm to you or the public.

Quantity Level Limits

Quantity level limits may be imposed on certain prescription drugs by Highmark. Such limits are based on the manufacturer's recommended daily dosage or as determined by Highmark. Quantity level limits control the quantity covered each time a new prescription order or refill is dispensed for selected prescription drugs. Each time a prescription order or refill is dispensed, the pharmacy provider may limit the amount dispensed.

Managed Prescription Drug Coverage

A prescription order or refill which may exceed the manufacturer's recommended dosage over a specified period of time may be denied by Highmark when presented to the pharmacy provider. Highmark may contact the prescribing physician to determine if the covered medication is medically necessary and appropriate. The covered medication will be dispensed if it is determined by Highmark to be medically necessary and appropriate.

Preauthorization

Certain prescription drugs may require preauthorization to ensure the medical necessity and appropriateness of the prescription order. The prescribing physician must obtain authorization from Highmark prior to prescribing certain covered medications. The specific drugs or drug classifications which require preauthorization may be obtained by calling the toll-free Member Service telephone number appearing on your ID card.

Step Therapy Program

Coverage includes drugs dispensed on a "stepped basis", referred to as the Step Therapy Program. Within selected drug categories, benefits are only provided for specific prescription drugs when one or more alternative drugs prove ineffective or intolerable and the following criteria are met:

- You have used alternative drugs within the same therapeutic class/category as the specified prescription drug.
- You have used the alternative drugs for a length of time necessary to constitute an adequate trial.
- The specified prescription drug is being used for an FDA approved indication.

If these criteria are met, the participating pharmacy provider will dispense the specified prescription drug to you. You shall be responsible for any cost-sharing amounts and will be subject to any quantity limit requirements or other limitations described herein. When these criteria are not met, your treating physician may submit a request for authorization to dispense a specified prescription drug to you for Highmark's consideration.

The Step Therapy Program will not apply to covered medications prescribed for the treatment of stage 4 advanced metastatic cancer if: (1) the specified prescription drug is approved by the FDA for this indication and (2) the specified prescription drug is consistent with the best clinical practices for the treatment of stage 4 advanced metastatic cancer or a severe adverse health condition experienced as a result of stage 4 advanced metastatic cancer.

This authorization is not applicable to those brand drugs which are subject to the requirements described above in the Preauthorization subsection.

Market Watch Prescription Drug Exceptions

Coverage is not provided for Market Watch Prescription Drugs, unless an exception has been granted by Highmark. You, your authorized representative or your prescribing physician may request coverage of the Market Watch Prescription Drug. Highmark will review the exception request and notify you of its determination within two business days of the request, not to exceed seventy-two hours.

If you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a Market Watch Prescription Drug appearing on the Market Watch Program List, you, your authorized representative, or your prescribing physician may request an expedited review based on exigent circumstances. In the case of such an exigent circumstance, Highmark will notify you, your authorized representative, or your prescribing physician of its coverage determination with twenty-four hours of receiving sufficient information to begin its review of the request.

In the event that Highmark denies a request for exception, you, your authorized representative, or your prescribing physician may request that the exception request and subsequent denial of the request be reviewed by an independent review organization. Highmark must make its determination on the external exception request and notify you, your authorized representative or your prescribing physician of its coverage determination no later than seventy-two hours following its receipt of sufficient information to begin its review of the request, or if the request was an expedited, exception request, not later than twenty-four hours following its receipt of sufficient information to begin its review of the request.

If Highmark grants the request for an exception, the prescription drug will be covered for the duration of the prescription, or if pursuant to an expedited exception request, for the duration of the exigency. Coverage will be provided as described herein.

Precertification, Preauthorization and Pre-Service Claims Review Processes

The precertification, preauthorization and pre-service claims review processes information described below applies to both medical and prescription drug management.

Authorized Representatives

You have a right to designate an authorized representative to file or pursue a request for precertification or other pre-service claim on your behalf. Highmark reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on your behalf. Procedures adopted by Highmark will, in the case of an urgent care claim, permit a physician or other professional health care provider with knowledge of your medical condition to act as your authorized representative.

Decisions Involving Requests for Precertification and Other Non-Urgent Care Pre-Service Claims

You will receive written notice of any decision on a request for precertification or other pre-service claim, whether the decision is adverse or not, within a reasonable period of time appropriate to the medical circumstances involved. That period of time will not exceed 15 days from the date Highmark receives the claim.

Decisions Involving Urgent Care Claims

If your request involves an urgent care claim, Highmark will make a decision on your request as soon as possible taking into account the medical exigencies involved. You will receive notice of the decision that has been made on your urgent care claim no later than 72 hours following receipt of the claim.

If Highmark determines in connection with an urgent care claim that you have not provided sufficient information to determine whether or to what extent benefits are provided under your coverage, your physician will be notified within 24 hours following Highmark's receipt of the claim of the specific information needed to complete your claim. Your physician will then be given not less than 48 hours to provide the specific information to Highmark. Highmark will thereafter notify you of its determination on your claim as soon as possible but not later than 48 hours after the earlier of (i) its receipt of the additional specific information, or (ii) the date Highmark informed your physician that it must receive the additional specific information.

Similarly, when your urgent care claim seeks to extend a previously approved course of treatment and that request is made at least 24 hours prior to the expiration of the previously approved course of treatment, Highmark will notify you of its decision as soon as possible, but no later than 24 hours following receipt of the request.

Notices of Determination Involving Precertification Requests and Other Pre-Service Claims

Any time your request for precertification or other pre-service claim is approved, you will be notified in writing that the request has been approved. If your request for precertification or approval of any other pre-service claim has been denied, you will receive written notification of that denial which will include, among other items, the specific

reason or reasons for the adverse benefit determination and a statement describing your right to file an internal appeal or request an external review.

For a description of your right to file an appeal concerning an adverse benefit determination involving a request for precertification or any other pre-service claim, see the Appeal Procedure subsection in the How to File a Claim section of this benefit booklet.

General Information

Who is Eligible for Coverage

*The following eligibility information applies **only** if your group provides coverage for dependents. Your group administrator can determine if you have dependent coverage.*

The group is responsible for determining if a person is eligible for coverage and for reporting such eligibility to Highmark. Highmark reserves the right to request, at any time, documentation relative to eligibility for coverage of any individual enrolled for coverage.

You may enroll your:

- Spouse under a legally valid existing marriage
- Children under 26 years of age, unless otherwise extended pursuant to applicable state or federal law, including:
 - Newborn children
 - Stepchildren
 - Children legally placed for adoption
 - Legally adopted children and children for whom the student or the student's spouse is the child's legal guardian
 - Children awarded coverage pursuant to an order of court

An eligible dependent child's coverage automatically terminates and all benefits hereunder cease at the end of the month the dependent reaches the limiting age or ceases to be an eligible dependent as indicated above, whether or not notice to terminate is received by Highmark.

- Unmarried children over age 26 who are not able to support themselves due to intellectual disability, physical disability, mental illness or developmental disability that started before age 26. Coverage automatically terminates and all benefits hereunder cease, except as otherwise indicated, on the day following the date on which the disability ceases, whether or not notice to terminate is received by Highmark.

NOTE: To the extent mandated by the requirements of Pennsylvania Act 83 of 2005, eligibility will be continued past the limiting age for children who are enrolled as dependents under their parent's coverage at the time they are called or ordered into active military duty. They must be a member of the Pennsylvania National Guard or any reserve component of the armed forces of the United States, who is called or ordered to active duty, other than active duty for training, for a period of 30 or more consecutive days, or be

a member of the Pennsylvania National Guard ordered to active state duty for a period of 30 or more consecutive days. If they become a full-time student for the first term or semester starting 60 or more days after their release from active duty, they shall be eligible for coverage as a dependent past the limiting age for a period equal to the duration of their service on active duty or active state duty.

For the purposes of this note, full-time student shall mean a dependent who is enrolled in, and regularly attending, an accredited school, college or university, or a licensed technical or specialized school for 15 or more credit hours per semester, or, if less than 15 credit hours per semester, the number of credit hours deemed by the school to constitute full-time student status.

A dependent child who takes a medically necessary leave of absence from school, or who changes enrollment status (such as changing from full-time to part-time) due to a serious illness or injury may continue coverage for one year from the first day of the medically necessary leave of absence or other change in enrollment, or until the date coverage would otherwise terminate under the terms of this program, whichever is earlier. Highmark may require certification from the dependent child's treating physician in order to continue such coverage.

*The following Domestic Partner provision applies **only** if your group provides coverage for this benefit. Your group administrator can determine if you are eligible for this coverage.*

- A domestic partner** shall be considered for eligibility as long as a domestic partnership (a voluntary relationship between two domestic partners) exists with you. In addition, the children of the domestic partner shall be considered for eligibility as if they were your children as long as the domestic partnership exists.

**"Domestic Partner" means a member of a domestic partnership consisting of two partners, each of whom has registered with a domestic partner registry in effect in the municipality/governmental entity within which the domestic partner currently resides, or who meets the definition of a domestic partner as defined by the state or local government where the individual currently resides or meets all of the following:

- Is unmarried, at least 18 years of age, resides with the other partner and intends to continue to reside with the other partner for an indefinite period of time
- Is not related to the other partner by adoption or blood
- Is the sole domestic partner of the other partner and has been a member of this domestic partnership for the last six months
- Agrees to be jointly responsible for the basic living expenses and welfare of the other partner

- Meets (or agrees to meet) the requirements of any applicable federal, state, or local laws or ordinances for domestic partnerships which are currently enacted, or which may be enacted in the future

To be eligible for dependent coverage, proof that dependents meet the above criteria may be required.

Changes in Membership Status

In order for there to be consistent coverage for you and your dependents, you must keep your plan sponsor informed about any address changes or changes in family status (births, adoptions, deaths, marriages, divorces, etc.) that may affect your coverage.

Your newborn child may be covered under your program for a maximum of 31 days from the moment of birth. To be covered as a dependent beyond the 31-day period, the newborn child must be enrolled as a dependent under this program within such period.

Medicare

If you or a dependent are entitled to Medicare (either due to age or disability) benefits your program will not duplicate payments or benefits provided under Medicare. However, your program may supplement the Medicare benefits, including the deductible and coinsurance not covered by Medicare, provided the services are eligible under your group's program. Contact your plan administrator for specific details.

Covered Students Age 65 or Over

If you are age 65 or over, you will remain covered under the program for the same benefits available to members under age 65. As a result:

- the program will pay all eligible expenses first.
- Medicare will then pay for Medicare eligible expenses, if any, not paid for by the program.

- or -

Non-Covered Students Age 65 or Over

If you are age 65 or over, you may elect not to be covered under your program. In such a case, Medicare will be your only coverage. If you choose this option, you will not be eligible for any benefits under the program. Contact your plan administrator for specific details.

Spouses Age 65 or Over of Students

If you are a student, your spouse has the same choices for benefit coverage as indicated above for the member age 65 and over.

Regardless of the choice made by you or your spouse, each one of you should apply for Medicare Part A coverage about three months prior to becoming age 65. If you elect to be covered under the program, you may wait to enroll for Medicare Part B. You will be able to enroll for Part B later during special enrollment periods without penalty.

Conversion

If your group does not offer continuation of coverage, or if you do not wish to continue coverage through your group's program, you may be able to enroll in an individual conversion program available from Highmark. Also, conversion is available to anyone who has elected continued coverage through your group's program and the term of that coverage has expired.

If your coverage through your group is discontinued for any reason, except as specified below, you may be able to convert to a direct payment program.

The conversion opportunity is not available if either of the following applies:

- You are eligible for another group health care benefits program through your group.
- When your group's program is terminated and replaced by another health care benefits program.

Termination of Your Coverage Under the Group Contract

Your coverage can be terminated in the following instances:

- When you cease to be a student, the group shall promptly notify Highmark that you are no longer eligible for coverage and that your coverage should be terminated as follows:
 - When prompt notification is received, coverage will be terminated no earlier than the date on which you cease to be eligible.
 - When a group requests a retroactive termination of coverage, coverage will be terminated no earlier than the first day of the month preceding the month in which Highmark received notice from the group.
- When you fail to pay the required contribution, your coverage will terminate at the end of the last month for which payment was made.
- Termination of the group contract automatically terminates the coverage of all the members. It is the responsibility of the group to notify you of the termination of coverage. However, coverage will be terminated regardless of whether the notice is given to you by the group.
- If it is proven that you obtained or attempted to obtain benefits or payment for benefits through fraud or intentional misrepresentation of a material fact, Highmark

may, upon 30-day advance written notice to you, terminate your coverage under the program.

Benefits after Termination of Coverage

- If you are an inpatient on the day your coverage terminates, benefits for inpatient covered services will be continued as follows:
 - Until the maximum amount of benefits has been paid; or
 - Until the inpatient stay ends; or
 - Until you become covered, without limitation as to the condition for which you are receiving inpatient care, under another group program; whichever occurs first.
- If you are pregnant on the date coverage terminates, no additional coverage will be provided.
- If you are totally disabled at the time your coverage terminates due to termination of being an active student, medical benefits, excluding outpatient prescription drug benefits, will be continued for covered services directly related to the condition causing such total disability. This benefit extension does not apply to covered services relating to other conditions, illnesses, diseases or injuries and is not available if your termination was due to fraud or intentional misrepresentation of a material fact. This total disability extension of benefits will be provided as long as you remain so disabled as follows:
 - Up to a maximum period of 12 consecutive months; or
 - Until the maximum amount of benefits has been paid; or
 - Until the total disability ends; or
 - Until you become covered without limitation as to the disabling condition under other group coverage, whichever occurs first.
- If you are required to pay any premium, your benefits will not be continued if your coverage is terminated because you failed to pay the required premium.
- Benefits will also be provided for you who, on the date this coverage terminates and as described in the Health Care Management, Benefits after Provider Termination from the Network subsection of this document, is in an active course of treatment until the earlier of such time as that treatment has been completed or for a period of up to ninety (90) days from the date this coverage terminates.

College Tuition Reward Program

1. Highmark provides access to a College Tuition Reward Program ("Program") made available by SAGE CTB LLC ("Sage"). Sage represents and has agreements with a consortium of private colleges and universities that participate in the Program.
2. Participation in the Program is at the sole option of the member.
3. Members who wish to participate in the Program can earn college tuition reward points that can be converted into equivalent cash credits which may be applied to the tuition expenses that eligible students incur when attending Sage participating colleges and universities. Credits are earned and accumulate during the period in which the member is enrolled under this plan.
4. Information regarding Program details including a listing of participating colleges and universities will be provided by Sage.
5. Highmark makes no representations and assumes no liability in connection with the Program or its administration.

Coordination of Benefits

Most health care programs, including your health care program, contain a coordination of benefits provision. This provision is used when you, your spouse or your covered dependents are eligible for payment under more than one health care program. The object of coordination of benefits is to ensure that your covered expenses will be paid, while preventing duplicate benefit payments.

Here is how the coordination of benefits provision works:

- When your other coverage does not mention "coordination of benefits," then that coverage pays first. Benefits paid or payable by the other coverage will be taken into account in determining if additional benefit payments can be made under your program.
- When the person who received care is covered as an employee under one contract, and as a dependent under another, then the employee coverage pays first.
- When a dependent child is covered under two contracts whose parents are married or are living together, whether or not they have ever been married, the contract which covers the person as a dependent of the parent whose birthday (month and day) falls earliest in the calendar year will be primary. But, if both parents have the same birthday, the program which covered the parent longer will be the primary program.

- If the dependent child's parents are divorced or separated or not living together, whether or not they have ever been married, the following applies:
 - if a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage, that contract is the primary program;
 - if a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provision for married or living together above shall determine the order of benefits;
 - if a court decree states the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provision for married or living together above shall determine the order of benefits; or
 - if there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - i. the contract covering the custodial parent;
 - ii. the contract covering the spouse of custodial parent;
 - iii. the contract covering the non-custodial parent; and then
 - iv. the contract covering the spouse of the non-custodial parent
- If none of the above circumstances applies, the coverage you have had for the longest time pays first.

If you receive more than you should have when your benefits are coordinated, you will be expected to repay any overpayment.

Prescription drug benefits are not coordinated against any other health care or drug benefit coverage.

Pediatric vision care benefits are not coordinated against any other health care or vision benefit coverage.

Force Majeure

No failure, delay or default in performance of any obligation of Highmark shall constitute an event of default or breach to the extent that such failure to perform, delay or default arises out of a cause, existing or future, that is beyond the reasonable control and not the result of the negligence of Highmark. Such events include, by way of illustration and not limitation, Acts of God, war (declared or undeclared), government regulation, acts or

inaction of governmental authority, civil or military authority, unforeseen disruptions caused by suppliers, subcontractors, vendors or carriers, terrorism, disaster, strikes, civil-disorder, curtailment of transportation facilities, fire, floods, blizzards, epidemics, pandemics, viral or communicable disease outbreaks, National Emergency, quarantines, disruption of the labor force and/or any other cause which is beyond the reasonable control of Highmark (hereinafter a "Force Majeure Event"), that makes it impossible, illegal or commercially impracticable for Highmark to perform its obligations in whole or in part.

Upon the occurrence of a Force Majeure Event, Highmark shall take action to minimize the consequences of the Force Majeure Event. If Highmark relies on any of the foregoing as an excuse for failure, default or delay in performance, it shall give prompt written notice to the group of the facts that constitute such Force Majeure Event, when it arose and when it is expected to cease.

Subrogation

Subrogation means that if you incur health care expenses for injuries caused by another person or organization, the person or organization causing the accident may be responsible for paying these expenses.

For example, if you or one of your dependents receives benefits through your program for injuries caused by another person or organization, Highmark has the right, through subrogation, to seek repayment from the other person or organization or any applicable insurance company for benefits already paid.

Highmark will provide eligible benefits when needed, but you may be asked to show documents or take other necessary actions to support Highmark in any subrogation efforts.

A Recognized Identification Card

Carry your ID card with you at all times, destroy any previously issued cards, and show this card to the hospital, doctor, pharmacy, or other health care professional whenever you need medical care.

If your card is lost or stolen, please contact Member Service immediately. You can also request additional or replacement cards online by logging onto the website located on the back of your member ID card. It's illegal to lend your ID card to anyone who is not eligible to use your benefits.

Below is a sample of the type of information that will be displayed on your ID card:

- Your name and your dependent's name (when applicable)
- Identification number
- Group number
- Copayment for physician office visits and emergency room visits (if applicable)
- Pharmacy network logo (when applicable)
- Member Service toll-free number (on back of card)
- Member website
- Toll-free telephone number for out-of-network facility admissions (on back of card)
- Suitcase symbol

There is a logo of a suitcase on your ID card. This suitcase logo lets hospitals and doctors know that you are a member of a Blue Cross and Blue Shield plan, and that you have access to Blue providers nationwide.

How to File a Claim

In most instances, hospitals and physicians will submit a claim on your behalf. If your claim is not submitted directly by the provider, you may be required to file the claim yourself.

If you receive medications from a network pharmacy and present your ID card, you will not have to file a claim. If you forget your ID card when you go to a network pharmacy, the pharmacy may ask you to pay in full for the prescription.

If you have to file a claim, the procedure is simple. Just take the following steps:

- **Know Your Benefits.** Review this information to see if the services you received are eligible under your medical program.
- **Get an Itemized Bill.** Itemized bills must include:
 - The name and address of the service or pharmacy provider
 - The patient's full name
 - The date of service or supply or purchase
 - A description of the service or medication/supply
 - The amount charged
 - For a medical service, the diagnosis or nature of illness
 - For durable medical equipment, the doctor's certification
 - For private duty nursing, the nurse's license number, charge per day and shift worked, and signature of provider prescribing the service
 - For ambulance services, the total mileage
 - Drug and medicine bills must show the prescription name and number and the prescribing provider's name.

Please note: If you've already made payment for the services you received, you must also submit proof of payment (receipt from the provider) with your claim form. Cancelled checks, cash register receipts or personal itemizations are not acceptable as itemized bills.

- **Copy Itemized Bills.** You must submit originals, so you may want to make copies for your records. Once your claim is received, itemized bills cannot be returned.
- **Complete a Claim Form.** Make sure all information is completed properly, and then sign and date the form. *Claim forms can be downloaded from the member website by entering "forms" in the search box. Claim forms are also available from your plan sponsor benefits department, or call the Member Service telephone number on the back of your ID card.*

- **Attach Itemized Bills to the Claim Form and Mail.** After you complete the above steps, attach all itemized bills to the claim form and mail everything to the address on the back of your ID card.

Remember: Multiple services or medications for the same family member can be filed with one claim form. However, a separate claim form must be completed for each member.

If you file the claim yourself, your claim must be submitted within 90 days of the date of service, but in no event will it be accepted later than one year from the 90-day timeframe.

Your Explanation of Benefits Statement

When you submit a claim, you will receive an Explanation of Benefits (EOB) statement that lists:

- The provider's actual charge
- The allowable amount as determined by Highmark
- The copayment; deductible and coinsurance amounts, if any, that you are required to pay
- Total benefits payable
- The total amount you owe

In those instances when you are not required to submit a claim because, for example, the network provider will submit the bill as a claim for payment under its contract with Highmark, you will receive an EOB only when you are required to pay amounts other than your required copayment.

You can get your EOBs online. Simply register on your member website. Your EOB can also be mailed to you. If you do not owe a payment to the provider, you may not receive an EOB.

How to Voice a Complaint

In the event that you are dissatisfied with any aspect of your health care benefits or you have an objection regarding participating health care providers, coverage, operations or management policies, please contact Highmark via the toll-free Member Service telephone number located on the back of your ID card or by mail at the address listed below. Please include your identification and group numbers as displayed on your ID card.

Highmark Blue Cross Blue Shield
P.O. Box 226
Pittsburgh, PA 15222

A representative will review, research and respond to your inquiry as quickly as possible.

If the informal dissatisfaction process is not successful and does not meet your needs, you have the right to have your objection reviewed by our Member Grievance and Appeals Department. For details about how this process works, please refer to the Appeal Procedure section of this booklet or call Member Service at the number on your member ID card.

Fraud or Provider Abuse

If you think that a provider is committing fraud, please let us know. Examples of fraud include: Submitting claims for services that you did not get; Adding extra charges for services that you did not get; Giving you treatment for services you did not need. Please call the local state toll-free Fraud Hotline.

Additional Information on How to File a Claim

Member Inquiries

General inquiries regarding your eligibility for coverage and benefits do not involve the filing of a claim, and should be made by directly contacting the Member Service Department using the telephone number on your ID card.

Filing Benefit Claims

– *Authorized Representatives*

You have the right to designate an authorized representative to file or pursue a request for reimbursement or other post-service claim on your behalf. Highmark reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on your behalf.

– *Requests for Precertification and Other Pre-Service Claims*

For a description of how to file a request for precertification or other pre-service claim, see the Precertification, Preauthorization and Pre-Service Claims Review Processes subsection in the Health Care Management section of this benefit booklet.

– *Requests for Reimbursement and Other Post-Service Claims*

When a hospital, physician or other provider submits its own reimbursement claim, the amount paid to that provider will be determined in accordance with the provider's agreement with Highmark or the local licensee of the Blue Cross Blue Shield Association serving your area. Highmark will notify you of the amount that was paid to the provider. Any remaining amounts that you are required to pay in the form of a copayment, coinsurance or program deductible will also be identified in that EOB or notice. If you believe that the copayment, coinsurance or deductible amount identified

in that EOB or notice is not correct or that any portion of those amounts are covered under your benefit program, you may file a claim with Highmark. For instructions on how to file such claims, you should contact the Member Service Department using the telephone number on your ID card.

Determinations on Benefit Claims

- ***Notice of Benefit Determinations Involving Requests for Precertification and Other Pre-Service Claims***

For a description of the time frames in which requests for precertification or other pre-service claims will be determined by Highmark and the notice you will receive concerning its decision, whether adverse or not, see the Precertification, Preauthorization and Pre-Service Claims Review Processes subsection in the Health Care Management section of this benefit booklet.

- ***Notice of Adverse Benefit Determinations Involving Requests for Reimbursement and Other Post-Service Claims***

Highmark will notify you in writing of its determination on your request for reimbursement or other post-service claim within a reasonable period of time following receipt of your claim. That period of time will not exceed 30 days from the date your claim was received. However, this 30-day period of time may be extended one time by Highmark for an additional 15 days, provided that Highmark determines that the additional time is necessary due to matters outside its control, and notifies you of the extension prior to the expiration of the initial 30-day post-service claim determination period. If an extension of time is necessary because you failed to submit information necessary for Highmark to make a decision on your post-service claim, the notice of extension that is sent to you will specifically describe the information that you must submit. In this event, you will have at least 45 days in which to submit the information before a decision is made on your post-service claim.

If your request for reimbursement or other post-service claim is denied, you will receive written notification of that denial which will include, among other items, the specific reason or reasons for the adverse benefit determination and a statement describing your right to file an appeal.

For a description of your right to file an appeal concerning an adverse benefit determination of a request for reimbursement or any other post-service claim, see the Appeal Procedure subsection below.

Appeal Procedure

Internal Appeal Process

Highmark maintains an internal appeal process involving one level of review.

At any time during the appeal process, you may choose to designate an authorized representative to participate in the appeal process on your behalf. You or your authorized representative shall notify Highmark in writing of the designation. For purposes of the appeal process, "you" includes designees, legal representatives and, in the case of a minor, parents entitled or authorized to act on your behalf. Highmark reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on your behalf. Such procedures as adopted by Highmark shall, in the case of an urgent care claim, permit a physician or other health care provider with knowledge of your medical condition to act as your authorized representative.

At any time during the appeal process, you may contact the Member Service Department at the toll-free telephone number listed on your ID card to inquire about the filing or status of your appeal.

If you receive notification that your coverage has been rescinded or that a claim has been denied by Highmark, in whole or in part, or is not subject to legal prohibitions against balance billing, you may appeal the decision. Your appeal must be submitted within 180 days from the date of your receipt of notification of the adverse decision.

Upon request to Highmark, you may review all documents, records and other information relevant to your appeal and shall have the right to submit or present additional evidence or testimony which includes any written or oral statements, comments and/or remarks, documents, records, information, data or other material in support of your appeal. Your appeal will be reviewed by a representative from the Member Grievance and Appeals Department. The representative shall not have been involved or be the subordinate of any individual that was involved in any previous decision to deny the claim or matter which is the subject of your appeal. In rendering a decision on your appeal, the Member Grievance and Appeals Department will take into account all evidence, comments, testimony, documents, records, and other information submitted by you without regard to whether such information was previously submitted to or considered by Highmark. The Member Grievance and Appeals Department will afford no deference to any prior adverse decision on the claim which is the subject of your appeal.

Each appeal will be promptly investigated and Highmark will provide written notification of its decision within the following time frames:

- When the appeal involves a non-urgent care pre-service claim, within a reasonable period of time appropriate to the medical circumstances involved not to exceed 30 days following receipt of the appeal;
- When the appeal involves an urgent care claim, as soon as possible taking into account the medical exigencies involved but not later than 72 hours following receipt of the appeal; or

- When the appeal involves a post-service claim or a decision by Highmark to rescind coverage, within a reasonable period of time not to exceed 30 days following receipt of the appeal.

If Highmark fails to provide notice of its decision within the above-stated time frames or otherwise fails to strictly adhere to these appeal procedures, you may be permitted to request an external review and/or pursue any applicable right to arbitration.

In the event Highmark renders an adverse decision on your internal appeal, the notification shall include, among other items, the specific reason or reasons for the adverse decision and a statement regarding your right to request an external review and/or pursue any applicable right to arbitration.

External Review Process

You shall have four months from the receipt of the notice of Highmark's decision to appeal the denial resulting from the internal appeal process by requesting an external review of the decision. To be eligible for external review, Highmark's decision to be reviewed must involve:

- a claim that was denied involving medical judgment, including application of Highmark's requirements as to medical necessity, appropriateness, health care setting, level of care, effectiveness of a covered service or a determination that the treatment is experimental or investigational;
- a claim that Highmark has concluded is not subject to legal prohibitions against balance billing; or
- a determination made by Highmark to rescind your coverage.

In the case of a denied claim, the request for external review may be filed by either you or your health care provider, with your written consent in the format required by or acceptable to Highmark. The request for external review should include any reasons, material justification and all reasonable necessary supporting information as part of the external review filing.

Preliminary Review and Notification

Within five business days from receipt of the request for external review, Highmark will complete a preliminary review of the external review request to determine:

- in the case of a denied claim, whether you are or were covered under this program at the time the covered service which is the subject of the denied claim was or would have been received;
- whether you have exhausted Highmark's internal appeal process, unless otherwise not required to exhaust that process; and

- whether you have provided all of the information and any applicable forms required by Highmark to process the external review request.

Within one business day following completion of its preliminary review of the request, Highmark shall notify you, or the health care provider filing the external review request on your behalf, of its determination.

In the event that the external review request is not complete, the notification will describe the information or materials needed to complete the request in which case you, or the health care provider filing the external review request on your behalf, must correct and/or complete the external review request no later than the end of the four month period in which you were required to initiate an external review of Highmark's decision, or alternatively, 48 hours following receipt of Highmark's notice of its preliminary review, whichever is later.

In the event that the external review request is complete but not eligible for external review, notification by Highmark will include the reasons why the request is ineligible for external review and contact information that you may use to receive additional information and assistance.

Final Review and Notification

Requests that are complete and eligible for external review will be assigned to an independent review organization (IRO) to conduct the external review. The assigned IRO will notify you, or the health care provider filing the external review on your behalf, that the request has been accepted and is eligible for external review. The notice will further state that the IRO has been assigned to conduct the external review and that any additional information which you or the health care provider may have in support of the request must be submitted, in writing, within 10 business days following receipt of the notice. Any additional information timely submitted by you or the health care provider and received by the assigned IRO will be forwarded to Highmark. Upon receipt of the information, Highmark shall be permitted an opportunity to reconsider its prior decision regarding the claim that was denied or the matter which is the subject of the external review request.

The assigned IRO will review all of the information and documents that it timely received and make a decision on the external review request. The decision shall be made without regard or deference to the decision that was made in Highmark's internal appeal process. The assigned IRO shall provide written notice of its final external review decision to Highmark and you, or the health care provider filing the external review request on your behalf, within 45 days from receipt by the IRO of the external review request. Written notice of the decision shall provide, among other information, a statement of the principal reasons for the decision including the rationale and standards relied upon by the IRO, a statement that arbitration may be available to you and current contact information for the

Pennsylvania Insurance Department Office of Consumer Services or such other applicable office of health insurance consumer assistance or ombudsman.

Expedited External Review (applies to urgent care claims only)

If Highmark's initial decision or the denial resulting from Highmark's internal appeal process involves an urgent care claim, you or the health care provider on behalf of you may request an expedited external review of Highmark's decision. Requests for expedited external review are subject to review by Highmark to determine whether they are timely, complete and eligible for external review. When the request involves a denied urgent care claim, Highmark must complete its preliminary review and provide notice of its eligibility determination immediately upon receipt of the request for expedited external review. If the request is eligible for expedited external review, Highmark must then transmit all necessary documents and information that was considered in denying the urgent care claim involved to an assigned IRO in an expeditious manner. The assigned IRO will conduct the review and provide notice of its final external review decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours following receipt by the IRO of the request for expedited external review. If notice of the decision by the IRO is not provided in writing, the IRO must provide within 48 hours following initial notice of its final external review decision, written confirmation of that decision to Highmark and you, or the health care provider filing the expedited external review request on your behalf.

Member Assistance Services

You may obtain assistance with Highmark's internal appeal and external review procedures as described herein by contacting the Pennsylvania Insurance Department Office of Consumer Services or such other applicable office of health insurance consumer assistance or ombudsman.

Autism Spectrum Disorders Expedited Review and Appeal Procedures

Upon denial, in whole or in part, of a pre-service claim or post-service claim for diagnostic assessment or treatment of autism spectrum disorders, there is an appeal procedure for expedited internal review which you may choose as an alternative to those procedures set forth above. In order to obtain an expedited review, you or your authorized representative shall identify the particular claim as one related to the diagnostic assessment or treatment of an autism spectrum disorder to the Member Service Department and request an expedited review which will be provided by Highmark. If, based on the information provided at the time the request is made, the claim cannot be determined as one based on services for the diagnostic assessment or treatment of autism spectrum disorders, Highmark may request from you or the health care provider additional clinical information including the treatment plan described in the Covered Services section of the booklet.

An appeal of a denial of a claim for services for the diagnostic assessment or treatment of an autism spectrum disorder is subject to review by a Review Committee. The request to have the decision reviewed by the Review Committee may be communicated orally or be submitted in writing within 180 days from the date the denial of the claim is received, and may include any written information from you or the health care provider. The Review Committee shall be comprised of three employees of Highmark who were not involved or the subordinate of any individual that was previously involved in any decision to deny coverage or payment for the health care service. The Review Committee will hold an informal hearing to consider the appeal. When arranging the hearing, Highmark will notify you or the health care provider of the hearing procedures and rights at such hearing, including your or the health care provider's right to be present at the review and to present a case. If you or the health care provider cannot appear in person at the review, Highmark shall provide you or the health care provider the opportunity to communicate with the Review Committee by telephone or other appropriate means.

Highmark shall conduct the expedited internal review and notify you or your authorized representative of its decision as soon as possible but not later than 48 hours following the receipt of your request for an expedited review. The notification to you and the health care provider shall include, among other items, the specific reason or reasons for the adverse decision including any clinical rationale, the procedure for obtaining an expedited external review and a statement regarding your right to pursue right to arbitration.

Following the receipt of the expedited internal review decision, you may contact Highmark to request an expedited external review pursuant to the expedited external review procedure for autism spectrum disorders established by the Pennsylvania Insurance Department.

Member Rights and Responsibilities

Your participation in your health care program is vital to maintaining quality in your program and services. Your importance to this process is reflected in the following statement of principles.

You have the right to:

1. Receive information about Highmark, its products and its services, its practitioners and providers, and your rights and responsibilities.
2. Be treated with respect and recognition of your dignity and right to privacy.
3. Participate with practitioners in decision-making regarding your health care. This includes the right to be informed of your diagnosis and treatment plan in terms that you understand and participate in decisions about your care.
4. Have a candid discussion of appropriate and/or medically necessary treatment options for your condition(s), regardless of cost or benefit coverage. Highmark does not restrict the information shared between practitioners and patients and has policies in place, directing practitioners to openly communicate information with their patients regarding all treatment options regardless of benefit coverage.
5. Voice a complaint or file an appeal about Highmark or the care provided and receive a reply within a reasonable period of time.
6. Make recommendations regarding the Highmark Members' Rights and Responsibilities policies.

You have a responsibility to:

1. Supply to the extent possible, information that the organization needs in order to make care available to you, and that its practitioners and providers need in order to care for you.
2. Follow the plans and instructions for care that you have agreed on with your practitioners.
3. Communicate openly with the physician you choose. Ask questions and make sure you understand the explanations and instructions you are given, and participate in developing mutually agreed upon treatment goals. Develop a relationship with your doctor based on trust and cooperation.

How We Protect Your Right to Confidentiality

We have established policies and procedures to protect the privacy of our members' protected health information ("PHI") in all forms, including PHI given verbally, from unauthorized or improper use. Some of the ways we protect your privacy include not discussing PHI outside of our offices, e.g., in hallways, elevators, as well as verifying your identity before we discuss PHI with you over the phone. As permitted by law, we may use or disclose protected health information for treatment, payment and health care operations, such as: claims management, routine audits, coordination of care, quality assessment and measurement, case management, utilization review, performance

measurement, customer service, credentialing, medical review and underwriting. With the use of measurement data, we are able to manage members' health care needs, even targeting certain individuals for quality improvement programs, such as health, wellness and disease management programs.

If we ever use your protected health information for non-routine uses, we will ask you to give us your permission by signing a special authorization form, except with regard to court orders and subpoenas.

You have the right to access the information your doctor has been keeping in your medical records, and any such request should be directed first to your network physician.

You benefit from the many safeguards we have in place to protect the use of data we maintain. This includes requiring our employees to sign statements in which they agree to protect your confidentiality, using computer passwords to limit access to your protected health information, and including confidentiality language in our contracts with physicians, hospitals, vendors and other health care providers.

Our Privacy Department reviews and approves policies regarding the handling of confidential information.

Recognizing that you have a right to privacy in all settings, we even inspect the privacy of examination rooms when we conduct on-site visits to physicians' offices. It's all part of safeguarding the confidentiality of your protected health information.

Terms You Should Know

The following terms apply **only** if your group provides coverage for this benefit. Depending on your health care program not all terms may apply. Your group administrator can determine if you are eligible for this coverage. Please refer to the Schedule of Benefits section of this booklet.

Applied Behavioral Analysis - The design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior or to prevent loss of attained skill or function, including the use of direct observation, measurement and functional analysis of the relations between environment and behavior.

Approved Clinical Trial - A Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and that has been federally funded, authorized or approved by one of the following:

- a. The National Institutes of Health (NIH), including the National Cancer Institute (NCI);
- b. The United States Food and Drug Administration (FDA) in the form of an investigational new drug (IND) exemption;
- c. The United States Department of Defense (DOD);
- d. The United States Department of Veterans Affairs (VA);
- e. The Centers for Disease Control and Prevention (CDC);
- f. The Agency for Healthcare Research and Quality (AHRQ);
- g. The Centers for Medicare and Medicaid Services (CMS)
- h. The Department of Energy; or
- i. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support.

Highmark may, at its discretion, approve other clinical trials that do not satisfy the above criteria.

Artificial Insemination - A procedure, also known as intrauterine insemination (IUI) or intracervical/intravaginal insemination (ICI), by which sperm is directly deposited into the vagina, cervix or uterus to achieve fertilization and pregnancy.

Assisted Reproductive Technology - Includes all treatments or procedures that involve the in vitro (i.e, outside of the living body) handling of both human oocytes (eggs) and sperm, or embryos, for the purpose of establishing a pregnancy. This includes, but is not limited to, in vitro fertilization (IVF) and embryo transfer, gamete intra-fallopian transfer (GIFT), zygote intra-fallopian transfer (ZIFT), tubal embryo transfer (TET), peritoneal ovum

sperm transfer, zona drilling, sperm microinjection, gamete and embryo cryopreservation (freezing), oocyte and embryo donation, and gestational surrogacy or carrier, but does not include artificial insemination in which sperm are placed directly into the vagina, cervix or uterus.

Autism Service Provider - A professional provider or a facility provider licensed or certified, where required, and performing within the scope of such license or certification providing treatment for autism spectrum disorders, pursuant to a treatment plan, as provided herein.

Autism Spectrum Disorders - Any disorder defined as an autism spectrum disorder by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, or its successor.

Behavior Specialist - An individual licensed or certified, where required, and performing within the scope of such licensure or certification, who designs, implements or evaluates a behavior modification intervention component of a treatment plan for the treatment of autism spectrum disorders, including those based on applied behavioral analysis, to produce socially significant improvements in human behavior or to prevent loss of attained skill or function through skill acquisition and the reduction of problematic behavior.

Benefit Period - The specified period of time during which charges for covered services must be incurred in order to be eligible for payment by your program. A charge shall be considered incurred on the date you receive the service or supply for which the charge is made.

Blues On Call (Health Education and Support Program) - A program administered by the designated agent through which you receive health education and support services, including assistance in the self-management of certain health conditions.

Board-Certified - A designation given to those physicians who, after meeting strict standards of knowledge and practices, are certified by the professional board representing their specialty.

Brand Drug - A recognized trade name prescription drug product, usually either the innovator product for new drugs still under patent protection or a more expensive product marketed under a brand name for multi-source drugs and noted as such in the pharmacy database used by Highmark.

Claim – A request for precertification, preauthorization or prior approval of a covered service or for the payment or reimbursement of the charges or costs associated with a covered service. Claims include:

- **Pre-Service Claim** – A request for precertification, preauthorization or prior approval of a covered service which under the terms of your coverage must be approved before you receive the covered service.
- **Urgent Care Claim** – A pre-service claim which, if decided within the time periods established for making non-urgent care pre-service claim decisions, could seriously jeopardize your life, health or ability to regain maximum function or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the service. Whether a request involves an urgent care claim will be determined by your attending physician or provider.
- **Post-Service Claim** – A request for payment or reimbursement of the charges or costs associated with a covered service that you have received.

Covered Maintenance Prescription Drug – A maintenance prescription drug, which Highmark is contractually obligated to pay or provide as a benefit to you under this program when dispensed by a participating maintenance pharmacy. Any prescription order for not more than a 90-day supply of a legend drug shall be considered a covered maintenance prescription drug, unless otherwise expressly excluded.

Covered Services - A service or supply specified by your program which is eligible for payment when rendered by a provider.

Custodial Care - Care provided primarily for maintenance of the patient or which is designed essentially to assist the patient in meeting the activities of daily living and which is not primarily provided for its therapeutic value in the treatment of an illness, disease, bodily injury, or condition. Multiple non-skilled nursing services/non-skilled rehabilitation services in the aggregate do not constitute skilled nursing services/skilled rehabilitation services. Custodial care includes, but is not limited to, help in walking, bathing, dressing, feeding, preparing special diets and supervising the administration of medications not requiring skilled nursing services/skilled rehabilitation services provided by trained and licensed medical personnel.

Designated Agent - An entity that has contracted, either directly or indirectly, with your health care program to perform a function and/or service in the administration of this program. Such function and/or service may include, but is not limited to, medical management and provider referral.

Detoxification Services (Withdrawal Management Services) - Inpatient and outpatient services for the treatment of withdrawal from alcohol or drugs. Inpatient services must include twenty-four hour nursing care and physician oversight.

Diabetes Prevention Program - A 12-month program using curriculum approved by the Centers for Disease Control to deliver a prevention lifestyle intervention for those at high risk of developing type 2 diabetes. The program includes behavioral and motivational content focusing on moderate changes in both diet and physical activity.

Diabetes Prevention Provider - An entity that offers a diabetes prevention program.

Emergency Care Services - The treatment of bodily injuries resulting from an accident, or following the sudden onset of a medical condition, or following, in the case of a chronic condition, a sudden and unexpected medical event that manifests itself by acute symptoms of sufficient severity or severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in:

- placing your health or, with respect to a pregnant member, the health of the member or the unborn child in serious jeopardy;
- causing serious impairment to bodily functions; and/or
- causing serious dysfunction of any bodily organ or part

and for which care is sought as soon as possible after the medical condition becomes evident to you.

Exclusions - Services, supplies or charges that are not covered by your program.

Experimental/Investigative - The use of any treatment, service, procedure, facility, equipment, drug, device or supply (intervention) which is not determined by Highmark Inc. to be medically effective for the condition being treated. Highmark will consider an intervention to be experimental/investigative if: the intervention does not have Food and Drug Administration (FDA) approval to be marketed for the specific relevant indication(s); or, available scientific evidence does not permit conclusions concerning the effect of the intervention on health outcomes; or, the intervention is not proven to be as safe and as effective in achieving an outcome equal to or exceeding the outcome of alternative therapies; or, the intervention does not improve health outcomes; or, the intervention is not proven to be applicable outside the research setting. If an intervention, as defined above, is determined to be experimental/investigative at the time of the service, it will not receive retroactive coverage, even if it is found to be in accordance with the above criteria at a later date.

Explanation of Benefits (EOB) - This is the statement you'll receive from Highmark after your claim is processed. It lists: the provider's charge, allowable amount, copayment, deductible and coinsurance amounts, if any, you're required to pay; total benefits payable; and total amount you owe.

Generic Drug - A drug that is available from more than one manufacturing source and accepted by the FDA as a substitute for those products having the same active ingredients as a brand drug and listed in the FDA "Approved Drug Products with Therapeutic Equivalence Evaluations," otherwise known as the Orangebook, and noted as such in the pharmacy database used by Highmark.

Highmark Blue Shield Service Area - The geographic area, within Pennsylvania, in which Highmark Blue Shield operates as a hospital plan corporation consisting of the following counties in central Pennsylvania:

Adams	Franklin	Lehigh	Perry
Berks	Fulton	Mifflin	Schuylkill
Centre (part)	Juniata	Montour	Snyder
Columbia	Lancaster	Northampton	Union
Cumberland	Lebanon	Northumberland	York
Dauphin			

Immediate Family - Your spouse, child, stepchild, parent, brother, sister, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, son-in-law, grandchild, grandparent, stepparent, stepbrother or stepsister.

In-Area - The geographic area covering the Plan Service Area and the Highmark Blue Shield Service Area.

Infertility - The medically documented inability to conceive with unprotected sexual intercourse between partners of the opposite biological sex for a period of at least 12 months. The inability to conceive may be due to either partner.

Inpatient - A member who is a registered bed patient in a hospital or skilled nursing facility and for whom a room and board charge is made.

Intensive Outpatient Program - A time-limited, separate and distinct outpatient program that includes individual therapy, family therapy, group therapy and medication management following an individualized treatment plan. Participation in an Intensive Outpatient Program may involve two (2) or more hours of programming a week. The program may be offered during the day or evening hours and can be a step-down from a higher level of care or a step-up to prevent the need for a higher level of care. The goals of

an Intensive Outpatient Program are to prevent or reduce the need for inpatient hospitalization and to reduce or stabilize symptoms and functional impairment of a psychiatric or co-occurring substance use disorder. Medically necessary treatment is provided within a structured therapeutic milieu.

Maintenance Prescription Drug - A prescription drug prescribed for the control of a chronic disease or illness, or to alleviate the pain and discomfort associated with a chronic disease or illness.

Market Watch Prescription Drug - A select prescription drug identified by Highmark as:

- having an over-the-counter drug equivalent.
- having relatively low value with respect to the cost in light of available alternative covered medications.
- being newly approved by the Food and Drug Administration for treating a condition for which there are existing covered medications have previously been approved.

Maximum - The greatest amount payable by the program for covered services. This could be expressed in dollars, number of days, or number of services for a specified period of time. There are two types of maximums:

Program Maximum - The greatest amount payable by the program for all covered services.

Benefit Maximum - The greatest amount payable by the program for a specific covered service.

Medically Necessary and Appropriate (Medical Necessity and Appropriateness) - Services, medications or supplies that a provider, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are: (i) in accordance with generally accepted standards of medical practice; and (ii) clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and (iii) not primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service, sequence of services or site of service at least as likely to produce equivalent therapeutic or diagnostic results given the nature of the patient's diagnosis, treatment, illness, injury or disease, the severity of the patient's symptoms, or other clinical criteria.

Highmark reserves the right, utilizing the criteria set forth in this definition, to render the final determination as to whether a service, medication or supply is medically necessary

and appropriate. No benefits hereunder will be provided unless Highmark determines that the service, medication or supply is medically necessary and appropriate.

Medicare Eligible Expenses - Expenses of the kinds covered by Medicare, to the extent recognized as reasonable and medically necessary and appropriate by Medicare. If this program provides for benefits not covered by Medicare, Highmark reserves the right to determine whether such benefits are medically necessary and appropriate.

Medication Synchronization - The coordination of prescription drug filling or refilling by a pharmacist or dispensing physician for a member taking two or more maintenance prescription drugs for the purpose of improving medication adherence.

Network - Depending on where you receive services, the network is designated as one of the following:

- **Keystone Health Plan West Network** - all Keystone Health Plan West facility providers and Keystone Health Plan West professional providers that have entered into a network agreement, either directly or indirectly, with Highmark.
- **Highmark Blue Shield Participating Facility Provider Network** - all Highmark Blue Shield participating facility providers that have entered into an agreement, either directly or indirectly, with Highmark Blue Shield.
- **PremierBlue Shield Preferred Professional Provider Network** - all PremierBlue Shield Preferred Professional providers who have an agreement, either directly or indirectly, with Highmark.
- However, when you receive pediatric dental services, the network is the United Concordia Advantage provider network. And when you receive vision care services, the network is the Davis Vision network. When you receive outpatient prescription drugs or telemedicine services, the network is designated by Highmark.

Network Provider - An ancillary provider, professional provider or facility provider who has entered into an agreement, either directly or indirectly, with Highmark Blue Cross Blue Shield or with any licensee of the Blue Cross Blue Shield Association located out-of-area, pertaining to payment as a participant in your network for covered services rendered to a member.

Network Service - A service, treatment or care that is provided by a network provider.

Office Based Opioid Treatment Program - An outpatient treatment program for the treatment of opioid use disorder. The program is also known as medication assisted treatment.

Opioid Treatment Program - An outpatient treatment program for the treatment of severe opioid use disorder. The program consists of daily or several times weekly medication and counseling available to maintain stability for those with severe opioid use disorder.

Out-of-Area - The geographic area outside the Plan Service Area and outside the Highmark Blue Shield Service Area.

Partial Hospitalization - The provision of medical, nursing, counseling or therapeutic mental health care services or substance abuse services on a planned and regularly scheduled basis in a facility provider designed for a patient or client who would benefit from more intensive services than are generally offered through outpatient treatment but who does not require inpatient care.

Partial Hospitalization Program - A time-limited, outpatient treatment program that is offered in the day or evening hours for a minimum of four (4) hours per day, three (3) days per week. A Partial Hospitalization Program is a less restrictive alternative to inpatient hospitalization for individuals presenting with acute symptoms of a severe psychiatric disorder who cannot be effectively or safely treated in a lower level of care, and would otherwise require inpatient treatment. The goals of a Partial Hospitalization Program are to prevent or reduce the need for inpatient hospitalization or re-hospitalization following discharge from inpatient treatment and to reduce or stabilize symptoms and functional impairment of a psychiatric or co-occurring substance use disorder. Medically necessary treatment is provided within a structured therapeutic milieu.

Participating Pharmacy Provider - A Pharmacy Provider that has an agreement, either directly or indirectly, with Highmark pertaining to the payment of covered medications or specific covered medical devices provided to the member. To the extent permitted by state and federal law, Participating Pharmacy Providers with the capability to provide certain immunizations as specified by Highmark, may also receive payment under the agreement for such immunizations and for the administration thereof, provided to members.

Plan – Refers to Highmark, which is an independent licensee of the Blue Cross Blue Shield Association. Any reference to the plan may also include its designated agent as defined herein and with whom the plan has contracted, either directly or indirectly, to perform a function or service in the administration of this program.

Plan Allowance - The amount used to determine payment by Highmark for covered services provided to you and to determine your liability. Plan allowance is based on the type of provider who renders such services or as required by law.

In the case of an out-of-network provider located in-area, the plan allowance shall be based on an adjusted contractual allowance for like services rendered by a network provider in the same geographic region, or as required by law.

In the case of a provider located out-of-area, the plan allowance shall be determined based on prices received from local licensees of the Blue Cross Blue Shield Association in accordance with Highmark's participation in the Inter-Plan Arrangements section as described in the How Your Health Care Program Works section of this booklet.

The plan allowance for an out-of-network provider that is a state-owned psychiatric hospital is what is required by law

Plan Service Area - The geographic area consisting of the following counties in western Pennsylvania:

Allegheny	Centre (part)	Forest	Mercer
Armstrong	Clarion	Greene	Potter
Beaver	Clearfield	Huntingdon	Somerset
Bedford	Crawford	Indiana	Venango
Blair	Elk	Jefferson	Warren
Butler	Erie	Lawrence	Washington
Cambria	Fayette	McKean	Westmoreland
Cameron			

Precertification (Preauthorization) - The process through which medical necessity and appropriateness of inpatient admissions, services or place of services is determined by Highmark prior to or after an admission or the performance of a procedure or service.

Preferred Provider Organization (PPO) Program - A program that does not require the selection of a primary care provider, but is based on a provider network made up of physicians, hospitals and other health care facilities. Using this provider network helps assure that you receive maximum coverage for eligible services.

Prescription Drugs - Any drugs or medications ordered by a professional provider by means of a valid prescription order, bearing the federal legend: "Caution: Federal law prohibits dispensing without a prescription," or a legend drug under applicable state law and dispensed by a licensed pharmacist. Also included are prescribed injectable insulin and other pharmacological agents used to control blood sugar, diabetic supplies,

disposable insulin syringes, as well as compounded medications, consisting of the mixture of at least two ingredients other than water, one of which must be a legend drug.

Primary Care Provider (PCP) - A physician whose practice is limited to family practice, general practice, internal medicine or pediatrics, or a certified registered nurse practitioner each of whom has an agreement with Highmark pertaining to payment as a network participant and has specifically contracted with Highmark to: a) be designated as a PCP; b) supervise, coordinate and provide specific basic medical services to you; and c) maintain continuity of patient care.

Provider's Allowable Price - The amount at which a participating pharmacy provider has agreed, either directly or indirectly, with the health plan to provide covered medications or specific medical devices to you under this program.

Residential Treatment Facility - A licensed psychiatric residential facility that provides medical monitoring and twenty-four hour individualized treatment to a group of individuals. The treatment is provided by paid staff unrelated to the individual.

A residential treatment program must provide the following:

- a. Awake adult supervision twenty-four hours per day;
- b. Clinical assessment at least once a day;
- c. Individual, group, or family therapy at least three times per week;
- d. Medical history and physical examination of patient within six months prior to admission or within thirty days after admission;
- e. Review of patient's current medication(s) initiated within twenty-four hours;
- f. Initiation of a multidisciplinary treatment plan within one week;
- g. Nursing staff on-site or on-call twenty-four hours per day;
- h. Parent training for patient's/guardians or family if return to family is expected;
- i. Discharge planning initiated within twenty-four hours;
- j. Psychiatric evaluation/updated (initial within one business day, updates at least once a week);
- k. Psychosocial assessment and substance evaluation within forty-eight hours;
- l. School or vocational program as per the clinical needs and/or age of the patient;
and
- m. Toxicology screen, quantitative drug analysis, self-help, 12-step, or education group as needed.

Routine Patient Costs - Costs associated with covered services furnished when participating in an Approved Clinical Trial and that Highmark has determined are medically necessary and appropriate. Such costs do not include:

- the costs of investigational drugs or devices themselves;

- the costs of non-health services required by you when receiving treatments or interventions in the course of participating in an Approved Clinical Trial (e.g. transportation, lodging, meals and other travel expenses);
- items or services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of you; and
- a service clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Specialist - A physician, other than a primary care provider, whose practice is limited to a particular branch of medicine or surgery.

Specialist Virtual Visit - A real-time office visit with a specialist at a remote location, conducted via interactive audio and streaming video telecommunications.

Telemedicine Service - A real time interaction between you and a designated telemedicine provider conducted by means of telephonic or audio and video telecommunications system, for the purpose of providing specific outpatient medical care services.

Totally Disabled (or Total Disability) - A condition resulting from illness or injury as a result of which, and as certified by a physician, for an initial period of 24 months, you are continuously unable to perform all of the substantial and material duties of your regular occupation. However: (i) after 24 months of continuous disability, "totally disabled" (or total disability) means your inability to perform all of the substantial and material duties of any occupation for which you are reasonably suited by education, training or experience; (ii) during the entire period of total disability, you may not be engaged in any activity whatsoever for wage or profit and must be under the regular care and attendance of a physician, other than your immediate family. If you do not usually engage in any occupation for wages or profits, "totally disabled" (or total disability) means you are substantially unable to engage in the normal activities of an individual of the same age and sex.

Urgent Care Center - A formally structured hospital-based or freestanding full-service, walk-in health care clinic, outside of a hospital-based emergency room, that is open twelve hours a day, Monday through Friday and eight hours a day on Saturdays and Sundays, that primarily treats patients who have an injury or illness that requires immediate care, but is not serious enough to warrant a visit to an emergency room. An urgent care center can also provide the same services as a family physician or primary care provider, such as treatment of minor illnesses and injuries, physicals, x-rays and immunizations.

You or Your - Refers to individuals who are covered under the program.

Highmark is a registered mark of Highmark Inc.

PPO Blue, Blues On Call and myCare Navigator are service marks of the Blue Cross Blue Shield Association, an association of independent Blue Cross and Blue Shield companies.

Baby Blueprints, BlueCard, Blue Cross, Blue Shield and the Cross and Shield symbols are registered service marks of the Blue Cross Blue Shield Association.

The Blue Cross Blue Shield Association is an independent company that does not provide Highmark Blue Cross Blue Shield products and services.

Express Scripts is a registered trademark of Express Scripts Holding Company.

You are hereby notified, your health care benefit program is between the Group, on behalf of itself and its students employees and Highmark Blue Cross Blue Shield. Highmark Blue Cross Blue Shield is an independent corporation operating under licenses from the Blue Cross and Blue Shield Association ("the Association"), which is a national association of independent Blue Cross and Blue Shield companies throughout the United States. Although all of these independent Blue Cross and Blue Shield companies operate from a license with the Association, each of them is a separate and distinct operation. The Association allows Highmark Blue Cross Blue Shield to use the familiar Blue Cross and Blue Shield words and symbols. Highmark Blue Cross Blue Shield shall be liable to the Group, on behalf of itself and its students, for any Highmark Blue Cross Blue Shield obligations under your health care benefit program.

TEXAS

MEMBER APPEAL RIGHTS

You, a person acting on your behalf or your physician or health care provider may initiate an appeal of an adverse determination for medically necessary services.

Independent Review Rights

In circumstances involving a life-threatening condition, you are entitled to an immediate appeal to an independent review organization and are not required to comply with the Internal Appeal Rights.

You, a Person Acting on Your Behalf, or Your Physician or Health Care Provider Have the Right to Seek an Independent Review

You, a person acting on your behalf, or your physician or health care provider have a right to seek an independent review of an adverse determination by an Independent Review Organization if it involves services for a life-threatening condition. You also have a right to seek an independent review if your appeal of an adverse determination for medically necessary services to treat a non-threatening condition has been denied.

How to Request an Independent Review

You may appoint a representative to act on your behalf in pursuing an independent review. An authorized representative may include your healthcare provider. To request an independent review of this denial, you, a person acting on your behalf, or your physician or health care provider must complete and submit your request using the attached REQUEST FOR A REVIEW BY AN INDEPENDENT REVIEW ORGANIZATION. Your request should be faxed or mailed to the number and address set forth on the form. You must sign the release contained on the form authorizing the release of all necessary medical records and other documents to the Independent Review Organization. You are not required to pay a fee in order to submit a request for independent review.

Once your request has been received, the independent review process begins. Your request will be promptly submitted to the Texas Department of Insurance. A randomly assigned Independent Review Organization will review your case. You will be notified once a determination is made by the Independent Review Organization. If

the Independent Review Organization determines that the services being reviewed are medically necessary and appropriate they will be covered.

Internal Review Rights

How To Initiate An Expedited Appeal

You, a person acting on your behalf, or your physician or health care provider are entitled to an expedited appeal decision if waiting the normal 30 days for a standard appeal decision could seriously jeopardize your life, health or ability to regain maximum function or, in the opinion of your physician, would subject you to severe pain that cannot be managed without the care or treatment that is the subject of your appeal.

To request an expedited appeal, call the Member Service Department at the telephone number on your identification card or mail or fax your request to:

Highmark Inc.
P.O. Box 535095
Pittsburgh, PA 15253-5095
Attn: Review Committee
Fax Number: 412-544-3559

(Mark the envelope "Expedited Appeal")

Appeals should include the following:

- the member's name, patient's name (if different) and group policy number
- the actual service(s) for which payment was denied and, if applicable, the date(s) of service.
- a description of the issues that are the subject of the appeal
- the treating provider's name
- any other materials relevant to a review of the claim

You, a person acting on your behalf or your physician or health care provider may submit via telephone, fax or in writing, any issues, comments, documents, records and other information relevant to the denied service for consideration in your appeal. In addition, you, a person acting on your behalf or your physician or healthcare provider have the right to request copies of any documents, records or other information relevant to the decision to deny coverage for the item or service that was requested. This includes, but is not limited to, copies of any plan rule, guideline or protocol used

in making the decision to deny coverage. These materials will be provided free of charge.

If you, a person acting on your behalf or your physician or health care provider request an expedited appeal, we will review the request and determine whether or not you, a person acting on your behalf or your physician or health care provider are entitled to an expedited appeal. If a physician with knowledge of your medical condition requests or otherwise indicates you should be given an expedited appeal, it will be given to you.

If an expedited appeal is granted, you, a person acting on your behalf or your physician or health care provider will be notified of the decision on the appeal as soon as possible but no later than one (1) working day not to exceed 72 hours from the date the appeal was received. If you are denied an expedited appeal, your appeal will be processed as soon as possible but no later than 30 days from the date it was received.

If an adverse determination is made on the appeal, you, a person acting on your behalf or your physician or health care provider may seek an independent review of the adverse determination by an Independent Review Organization. The procedures for requesting a review by an Independent Review Organization are described above.

How to Initiate a Standard Appeal

In all other cases you, a person acting on your behalf or your physician or health care provider may initiate a standard appeal by doing the following:

Mail or fax the request to:

Highmark Inc.
P.O. Box 535095
Pittsburgh, PA 15253-5095
Attn: Review Committee
Fax Number: 412-544-3559

Appeals should include the following:

- the member's name, patient's name (if different) and group policy number
- the actual service(s) for which payment was denied and, if applicable, the date(s) of service.
- a description of the issues that are the subject of the appeal
- the treating provider's name
- any other materials relevant to a review of the claim

You, a person acting on your behalf or your physician or health care provider may submit in writing any issues, comments, documents, records and other information relevant to the denied service for consideration in your appeal. In addition, you, a person acting on your behalf or your physician or health care provider have the right to request copies of any documents, records or other information relevant to the decision to deny coverage for the item or service that was requested. This includes, but is not limited to, copies of any plan rule, guideline or protocol used in making the decision to deny coverage. These materials will be provided free of charge.

The appeal will be reviewed and you, a person acting on your behalf or your physician or health care provider will be notified of the decision no later than 30 days following the date of receipt of the appeal.

If an adverse determination is made on the appeal, you, a person acting on your behalf or your physician or health care provider may seek an independent review of the adverse determination by an Independent Review Organization. The procedures for requesting a review by an Independent Review Organization are described above.

Complaint Rights

You, your representative or your provider has the right to express dissatisfaction with the utilization review process. You may verbally express dissatisfaction by calling Member Services at the telephone number on your identification card. To submit your dissatisfaction in writing either fax or mail the details of your dissatisfaction to the fax number or address listed above.

Questions

If you have any questions about your right to appeal, how to file an appeal or the expression of a dissatisfaction about the utilization review process, please call Member Services at the telephone number on your identification card

THIS IS YOUR NOTICE OF ADVERSE DETERMINATION

WE HAVE DETERMINED THAT THE HEALTH CARE SERVICES YOU REQUESTED ARE NOT MEDICALLY NECESSARY OR APPROPRIATE. Your care is reviewed for medical necessity and appropriateness by a utilization review agent (URA) working with your health benefit plan. If the URA decides that its standards indicate that the care you have requested is not medically necessary or appropriate, the URA will issue an "adverse determination." This means that your request for health care services has been denied. This decision must be made by using accepted medical and health care practices and must be flexible enough to consider special circumstances on a case-by-case basis. **You have the right to appeal this decision to the URA in accordance with its appeal procedures. If you are appealing the adverse determination to a Utilization Review Agent (utilization review agent), do not complete the form requesting review by an IRO.**

If you have a life-threatening condition, you have the right under Texas law to have this decision reviewed by someone who is **independent** from your health benefit plan. "Life-threatening" means a disease or condition, for which the likelihood of death is probable, unless the course of the disease or condition is interrupted. You, a person acting on your behalf or your provider of record may determine whether a life-threatening condition exists. The law provides that this decision can be made by a prudent layperson, possessing an average knowledge of medicine, and health, which believes that his or her disease or condition is a life-threatening condition.

The request for an independent review can be submitted by you, a person acting on your behalf, your physician or other health care provider. **Please note that if the review you are requesting relates to care that has already been provided by your health benefit plan, the request for review by an IRO is not a review for a life-threatening condition.** If you do not have a life-threatening condition, it is not necessary to read further.

Here is what you must do to request an independent review of your case:

- (1) Complete the attached form and return it as soon as possible to the address or fax number listed in the form. It is important that you provide all relevant information so that the review of your case can be thorough. **Don't forget to sign the medical release form** so the independent reviewer can look at medical records and other relevant information about your illness or condition.
- (2) As soon as the URA receives your completed form requesting independent review, the URA will notify the Texas Department of Insurance (TDI) of your request and begin the independent review process.

- (3) Based on the information provided by the utilization review agent, TDI will randomly assign your case to an IRO. The IRO cannot be associated with your health plan, with the physicians or with the providers that were previously involved in your care or case in any way that may compromise the independence of the review. The URA must provide all relevant information and documents to the IRO within three (3) working days after the URA receives your completed form. TDI will notify you about the IRO that has been assigned to review your case. For your information, TDI assigns cases to IROs between 7AM and 6PM, Central Time, Monday through Friday (except New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day).
- (4) In cases involving life-threatening conditions, the entire independent review process, including the IRO's determination, should take no longer than 8 calendar days from the date your completed form and all necessary information was received by the IRO.
- (5) If the IRO determines that you should receive the health care services that were previously denied, your health plan must cover and pay for that care. If the IRO agrees that the health care services were not medically necessary or appropriate, then the care does not have to be covered by your health benefit plan.

There is no cost to you for independent review. If you receive any bills for this process, you should contact your health plan.

HIGHMARK INC. NOTICE OF PRIVACY PRACTICES

PART I – NOTICE OF PRIVACY PRACTICES (HIPAA)

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

THIS NOTICE ALSO DESCRIBES HOW WE COLLECT, USE AND DISCLOSE NON-PUBLIC PERSONAL FINANCIAL INFORMATION.

Our Legal Duties

At Highmark Inc. ("Highmark"), we are committed to protecting the privacy of your "Protected Health Information" (PHI). PHI is your individually identifiable health information, including demographic information, collected from you or created or received by a health care provider, a health plan, your employer, or a health care clearinghouse that relates to: (i) your past, present, or future physical or mental health or condition; (ii) the provision of health care to you; or (iii) the past, present, or future payment for the provision of health care to you.

This Notice describes our privacy practices, which include how we may use, disclose, collect, handle, and protect our members' protected health information. We are required by applicable federal and state laws to maintain the privacy of your protected health information. We also are required by the HIPAA Privacy Rule (45 C.F.R. parts 160 and 164, as amended) to give you this Notice about our privacy practices, our legal duties, and your rights concerning your protected health information. We are also required to notify affected individuals following a breach of unsecured health information.

We will inform you of these practices the first time you become a Highmark customer. We must follow the privacy practices that are described in this Notice as long as it is in effect. This Notice becomes effective September 23, 2013, and will remain in effect unless we replace it.

On an ongoing basis, we will review and monitor our privacy practices to ensure the privacy of our members' protected health information. Due to changing circumstances, it may become necessary to revise our privacy practices and the terms of this Notice. We reserve the right to make the changes in our privacy practices and the new terms of our Notice will become effective for all protected health information that we maintain, including protected health information we created or received before we made the changes. Before we make a

material change in our privacy practices, we will change this Notice and notify all affected members in writing in advance of the change. Any change to this notice will be posted on our website and we will further notify you of any changes in our annual mailing.

You may request a copy of our Notice at any time. For more information about our privacy practices, or for additional copies of this Notice, please contact us using the information listed at the end of this Notice.

I. Uses and Disclosures of Protected Health Information

In order to administer our health benefit programs effectively, we will collect, use and disclose protected health information for certain of our activities, including payment and health care operations.

A. Uses and Disclosures of Protected Health Information for Payment and Health Care Operations

The following is a description of how we may use and/or disclose protected health information about you for payment and health care operations:

Payment

We may use and disclose your protected health information for all activities that are included within the definition of "payment" as set out in 45 C.F.R. § 164.501. We have not listed in this Notice all of the activities included within the definition of "payment," so please refer to 45 C.F.R. § 164.501 for a complete list.

For example:

We may use and disclose your protected health information to pay claims from doctors, hospitals, pharmacies and others for services delivered to you that are covered by your health plan, to determine your eligibility for benefits, to coordinate benefits, to examine medical necessity, to obtain premiums, and/or to issue explanations of benefits/payments to the person who subscribes to the health plan in which you participate.

Health Care Operations

We may use and disclose your protected health information for all activities that are included within the definition of "health care operations" as set out in 45 C.F.R. § 164.501. We have not listed in this Notice all of the activities included within the definition of "health care operations," so please refer to 45 C.F.R. § 164.501 for a complete list.

For example:

We may use and disclose your protected health information to rate our risk and determine the premium for your health plan, to conduct quality assessment and

improvement activities, to credential health care providers, to engage in care coordination or case management, and/or to manage our business.

B. Uses and Disclosures of Protected Health Information To Other Entities

We also may use and disclose protected health information to other covered entities, business associates, or other individuals (as permitted by the HIPAA Privacy Rule) who assist us in administering our programs and delivering services to our members.

(i) Business Associates.

In connection with our payment and health care operations activities, we contract with individuals and entities (called “business associates”) to perform various functions on our behalf or to provide certain types of services (such as member service support, utilization management, subrogation, or pharmacy benefit management). To perform these functions or to provide the services, business associates will receive, create, maintain, use, or disclose protected health information, but only after we require the business associates to agree in writing to contract terms designed to appropriately safeguard your information.

(ii) Other Covered Entities.

In addition, we may use or disclose your protected health information to assist health care providers in connection with *their* treatment or payment activities, or to assist other covered entities in connection with certain of *their* health care operations. For example, we may disclose your protected health information to a health care provider when needed by the provider to render treatment to you, and we may disclose protected health information to another covered entity to conduct health care operations in the areas of quality assurance and improvement activities, or accreditation, certification, licensing or credentialing.

II. Other Possible Uses and Disclosures of Protected Health Information

In addition to uses and disclosures for payment, and health care operations, we may use and/or disclose your protected health information for the following purposes:

A. Plan Sponsors

We may disclose your protected health information to the plan sponsor of your group health plan to permit the plan sponsor to perform plan administration functions. For example, a plan sponsor may contact us regarding a member’s question, concern, issue regarding claim, benefits, service, coverage, etc. We may also disclose summary health information (this type of information is defined in the HIPAA Privacy Rule) about the enrollees in your group health plan to the plan sponsor to obtain premium bids for the health insurance coverage offered through your group health plan or to decide whether to modify, amend or terminate your group health plan.

B. Required by Law

We may use or disclose your protected health information to the extent that federal or state law requires the use or disclosure. For example, we must disclose your protected health information to the U.S. Department of Health and Human Services upon request for purposes of determining whether we are in compliance with federal privacy laws.

C. Public Health Activities

We may use or disclose your protected health information for public health activities that are permitted or required by law. For example, we may use or disclose information for the purpose of preventing or controlling disease, injury, or disability.

D. Health Oversight Activities

We may disclose your protected health information to a health oversight agency for activities authorized by law, such as: audits; investigations; inspections; licensure or disciplinary actions; or civil, administrative, or criminal proceedings or actions. Oversight agencies seeking this information include government agencies that oversee: (i) the health care system; (ii) government benefit programs; (iii) other government regulatory programs; and (iv) compliance with civil rights laws.

E. Abuse or Neglect

We may disclose your protected health information to a government authority that is authorized by law to receive reports of abuse, neglect, or domestic violence.

F. Legal Proceedings

We may disclose your protected health information: (1) in the course of any judicial or administrative proceeding; (2) in response to an order of a court or administrative tribunal (to the extent such disclosure is expressly authorized); and (3) in response to a subpoena, a discovery request, or other lawful process, once we have met all administrative requirements of the HIPAA Privacy Rule. For example, we may disclose your protected health information in response to a subpoena for such information.

G. Law Enforcement

Under certain conditions, we also may disclose your protected health information to law enforcement officials. For example, some of the reasons for such a disclosure may include, but not be limited to: (1) it is required by law or some other legal process; or (2) it is necessary to locate or identify a suspect, fugitive, material witness, or missing person.

H. Coroners, Medical Examiners, Funeral Directors, and Organ Donation

We may disclose protected health information to a coroner or medical examiner for purposes of identifying a deceased person, determining a cause of death, or for the

coroner or medical examiner to perform other duties authorized by law. We also may disclose, as authorized by law, information to funeral directors so that they may carry out their duties. Further, we may disclose protected health information to organizations that handle organ, eye, or tissue donation and transplantation.

I. Research

We may disclose your protected health information to researchers when an institutional review board or privacy board has: (1) reviewed the research proposal and established protocols to ensure the privacy of the information; and (2) approved the research.

J. To Prevent a Serious Threat to Health or Safety

Consistent with applicable federal and state laws, we may disclose your protected health information if we believe that the disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public.

K. Military Activity and National Security, Protective Services

Under certain conditions, we may disclose your protected health information if you are, or were, Armed Forces personnel for activities deemed necessary by appropriate military command authorities. If you are a member of foreign military service, we may disclose, in certain circumstances, your information to the foreign military authority. We also may disclose your protected health information to authorized federal officials for conducting national security and intelligence activities, and for the protection of the President, other authorized persons, or heads of state.

L. Inmates

If you are an inmate of a correctional institution, we may disclose your protected health information to the correctional institution or to a law enforcement official for: (1) the institution to provide health care to you; (2) your health and safety and the health and safety of others; or (3) the safety and security of the correctional institution.

M. Workers' Compensation

We may disclose your protected health information to comply with workers' compensation laws and other similar programs that provide benefits for work-related injuries or illnesses.

N. Others Involved in Your Health Care

Unless you object, we may disclose your protected health information to a friend or family member that you have identified as being involved in your health care. We also may disclose your information to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status, and location. If you are not present or able to agree to these disclosures of your protected health

information, then we may, using our professional judgment, determine whether the disclosure is in your best interest.

O. Underwriting

We may disclose your protected health information for underwriting purposes; however, we are prohibited from using or disclosing your genetic information for these purposes.

P. Health Information Exchange

We all participate in a Health Information Exchange (HIE). An HIE is primarily a secure electronic data sharing network. In accordance with federal and state privacy regulations, regional health care providers participate in the HIE to exchange patient information in order to facilitate health care, avoid duplication of services, such as tests, and to reduce the likelihood that medical errors will occur.

The HIE allows your health information to be shared among authorized participating healthcare providers, such as health systems, hospitals and physicians, for the purposes of Treatment, Payment or Healthcare Operations purposes. Examples of this health information may include:

- General laboratory, pathology, transcribed radiology reports and EKG Images
- Results of outpatient diagnostic testing (GI testing, cardiac testing, neurological testing, etc.)
- Health Maintenance documentation/Medication
- Allergy documentation/Immunization profiles
- Progress notes, Urgent Care visit progress notes
- Consultation notes
- Inpatient operative reports
- Discharge summary/Emergency room visit discharge summary notes

All participating providers who provide services to you will have the ability to access your information. Providers that do not provide services to you will not have access to your information. Information may be provided to others as necessary for referral, consultation, treatment or the provision of other healthcare services, such as pharmacy or laboratory services. All participating providers have agreed to a set of standards relating to their use and disclosure of the information available through the HIE. Your health information shall be available to all participating providers through the HIE.

You cannot choose to have only certain providers access your information. Patients who do not want their health information to be accessible through the HIE may choose not to participate or may "opt-out."

In order to opt-out, you must call the customer service number located on the back of your membership card. You should be aware, if you choose to opt-out, your health care providers will not be able to access your health information through the HIE. Even if you chose to opt-out, your information will be sent to the HIE, but providers will not be able to access this information. Additionally, your opt-out does not affect the ability of participating providers to access health information entered into the HIE prior to your opt-out submission.

III. Required Disclosures of Your Protected Health Information

The following is a description of disclosures that we are required by law to make:

A. Disclosures to the Secretary of the U.S. Department of Health and Human Services

We are required to disclose your protected health information to the Secretary of the U.S. Department of Health and Human Services when the Secretary is investigating or determining our compliance with the HIPAA Privacy Rule.

B. Disclosures to You

We are required to disclose to you most of your protected health information that is in a "designated record set" (defined below) when you request access to this information. We also are required to provide, upon your request, an accounting of many disclosures of your protected health information that are for reasons other than payment and health care operations.

IV. Other Uses and Disclosures of Your Protected Health Information

Sometimes we are required to obtain your written authorization for use or disclosure of your health information. The uses and disclosures that require an authorization under 45 C.F.R. § 164.508(a) are:

1. For marketing purposes
2. If we intend to sell your PHI
3. For use of Psychotherapy notes, which are notes recorded (in any medium) by a health care provider who is a mental health professional documenting or analyzing the contents of a conversation during a private counseling session or a group, joint, or family counseling session and that are separated from the rest of the individual's medical record. An Authorization for use of psychotherapy notes is required unless:
 - a. Used by the person who created the psychotherapy note for treatment purposes, or
 - b. Used or disclosed for the following purposes:
 - (i) the provider's own training programs in which students, trainees, or practitioners in mental health learn under supervision to practice or improve their skills in group, joint family or individual counseling;

- (ii) for the provider to defend itself in a legal action or other proceeding brought by an individual that is the subject of the notes;
- (iii) if required for enforcement purposes;
- (iv) if mandated by law;
- (v) if permitted for oversight of the provider that created the note;
- (vi) to a coroner or medical examiner for investigation of the death of any individual in certain circumstances; or
- (vii) if needed to avert a serious and imminent threat to health or safety.

Other uses and disclosures of your protected health information that are not described above will be made only with your written authorization. If you provide us with such an authorization, you may revoke the authorization in writing, and this revocation will be effective for future uses and disclosures of protected health information. However, the revocation will not be effective for information that we already have used or disclosed, relying on the authorization.

V. Your Individual Rights

The following is a description of your rights with respect to your protected health information:

A. Right to Access

You have the right to look at or get copies of your protected health information in a designated record set. Generally, a “designated record set” contains medical and billing records, as well as other records that are used to make decisions about your health care benefits. However, you may not inspect or copy psychotherapy notes or certain other information that may be contained in a designated record set.

You may request that we provide copies in a format other than photocopies. We will use the format you request unless we cannot practicably do so, if you request the information in an electronic format that is not readily producible, we will provide the information in a readable electronic format as mutually agreed upon. You must make a request in writing to obtain access to your protected health information.

To inspect and/or copy your protected health information, you may obtain a form to request access by using the contact information listed at the end of this Notice. You may also request access by sending us a letter to the address at the end of this Notice. The first request within a 12-month period will be free. If you request access to your designated record set more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to these additional requests. If you request an alternative format, we will charge a cost-based fee for providing your protected health information in that format. If you prefer, we will prepare a summary or an explanation of your protected health information for a fee. Contact

us using the information listed at the end of this Notice for a full explanation of our fee structure.

We may deny your request to inspect and copy your protected health information in certain limited circumstances. If you are denied access to your information, you may request that the denial be reviewed. A licensed health care professional chosen by us will review your request and the denial. The person performing this review will not be the same one who denied your initial request. Under certain conditions, our denial will not be reviewable. If this event occurs, we will inform you in our denial that the decision is not reviewable.

B. Right to an Accounting

You have a right to an accounting of certain disclosures of your protected health information that are for reasons other than treatment, payment or health care operations. You should know that most disclosures of protected health information will be for purposes of payment or health care operations.

An accounting will include the date(s) of the disclosure, to whom we made the disclosure, a brief description of the information disclosed, and the purpose for the disclosure.

You may request an accounting by contacting us at the Customer Service phone number on the back of your identification card, or submitting your request in writing to the Highmark Privacy Department, 120 Fifth Avenue Place 1814, Pittsburgh, PA 15222. Your request may be for disclosures made up to 6 years before the date of your request, but in no event, for disclosures made before April 14, 2003.

The first list you request within a 12-month period will be free. If you request this list more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to these additional requests. Contact us using the information listed at the end of this Notice for a full explanation of our fee structure.

C. Right to Request a Restriction

You have the right to request a restriction on the protected health information we use or disclose about you for treatment, payment or health care operations. We are not required to agree to these additional restrictions, but if we do, we will abide by our agreement unless the information is needed to provide emergency treatment to you. Any agreement we may make to a request for additional restrictions must be in writing signed by a person authorized to make such an agreement on our behalf. We will not be bound unless our agreement is so memorialized in writing. We have a right to terminate this restriction, however if we do so, we must inform you of this restriction.

You may request a restriction by contacting us at the Customer Service phone number on the back of your identification card, or writing to the Highmark Privacy Department, 120 Fifth Avenue Place 1814, Pittsburgh, PA 15222. In your request tell us: (1) the information whose disclosure you want to limit; and (2) how you want to limit our use and/or disclosure of the information.

D. Right to Request Confidential Communications

If you believe that a disclosure of all or part of your protected health information may endanger you, you have the right to request that we communicate with you in confidence about your protected health information by alternative means or to an alternative location. For example, you may ask that we contact you only at your work address or via your work e-mail.

You must make your request in writing, and you must state that the information could endanger you if it is not communicated in confidence by the alternative means or to the alternative location you want. We must accommodate your request if it is reasonable, specifies the alternative means or location, and continues to permit us to collect premiums and pay claims under your health plan, including issuance of explanations of benefits/payments to the subscriber of the health plan in which you participate.

In the event that a Confidential Communication is placed against you, then you will no longer have the ability to access any of your health and/or policy information online.

E. Right to Request Amendment

If you believe that your protected health information is incorrect or incomplete, you have the right to request that we amend your protected health information. Your request must be in writing, and it must explain why the information should be amended.

We may deny your request if we did not create the information you want amended or for certain other reasons. If we deny your request, we will provide you a written explanation. You may respond with a statement of disagreement to be appended to the information you wanted amended. If we accept your request to amend the information, we will make reasonable efforts to inform others, including people you name, of the amendment and to include the changes in any future disclosures of that information.

F. Right to a Paper Copy of this Notice

If you receive this Notice on our web site or by electronic mail (e-mail), you are entitled to receive this Notice in written form. Please contact us using the information listed at the end of this Notice to obtain this Notice in written form.

VI. Questions and Complaints

If you want more information about our privacy policies or practices or have questions or concerns, please contact us using the information listed below.

If you are concerned that we may have violated your privacy rights, or you disagree with a decision we made about access to your protected health information or in response to a request you made to amend or restrict the use or disclosure of your protected health information or to have us communicate with you in confidence by alternative means or at an alternative location, you may complain to us using the contact information listed below.

You also may submit a written complaint to the U.S. Department of Health and Human Services. We will provide you with the address to file your complaint with the U.S. Department of Health and Human Services upon request.

We support your right to protect the privacy of your protected health information. We will not retaliate in any way if you choose to file a complaint with us or with the U.S. Department of Health and Human Services.

PART II – NOTICE OF PRIVACY PRACTICES (GRAMM-LEACH-BLILEY)

Highmark is committed to protecting its members' privacy. This notice describes our policies and practices for collecting, handling and protecting personal information about our members. We will inform each group of these policies the first time the group becomes a Highmark member and will annually reaffirm our privacy policy for as long as the group remains a Highmark customer. We will continually review our privacy policy and monitor our business practices to help ensure the security of our members' personal information. Due to changing circumstances, it may become necessary to revise our privacy policy in the future. Should such a change be required, we will notify all affected customers in writing in advance of the change.

In order to administer our health benefit programs effectively, we must collect, use and disclose non-public personal financial information. Non-public personal financial

information is information that identifies an individual member of a Highmark health plan. It may include the member's name, address, telephone number and Social Security number or it may relate to the member's participation in the plan, the provision of health care services or the payment for health care services. Non-public personal financial information does not include publicly available information or statistical information that does not identify individual persons.

Information we collect and maintain: We collect non-public personal financial information about our members from the following sources:

- We receive information from the members themselves, either directly or through their employers or group administrators. This information includes personal data provided on applications, surveys or other forms, such as name, address, Social Security number, date of birth, marital status, dependent information and employment information. It may also include information submitted to us in writing, in person, by telephone or electronically in connection with inquiries or complaints.
- We collect and create information about our members' transactions with Highmark, our affiliates, our agents and health care providers. Examples are: information provided on health care claims (including the name of the health care provider, a diagnosis code and the services provided), explanations of benefits/payments (including the reasons for claim decision, the amount charged by the provider and the amount we paid), payment history, utilization review, appeals and grievances.

Information we may disclose and the purpose: We do not sell any personal information about our members or former members for marketing purposes. We use and disclose the personal information we collect (as described above) only as necessary to deliver health care products and services to our members or to comply with legal requirements. Some examples are:

- We use personal information internally to manage enrollment, process claims, monitor the quality of the health services provided to our members, prevent fraud, audit our own performance or to respond to members' requests for information, products or services.
- We share personal information with our affiliated companies, health care providers, agents, other insurers, peer review organizations, auditors, attorneys or consultants who assist us in administering our programs and delivering health services to our members. Our contracts with all such service providers require them to protect the confidentiality of our members' personal information.
- We may share personal information with other insurers that cooperate with us to jointly market or administer health insurance products or services. All contracts with other insurers for this purpose require them to protect the confidentiality of our members' personal information.

- We may disclose information under order of a court of law in connection with a legal proceeding.
- We may disclose information to government agencies or accrediting organizations that monitor our compliance with applicable laws and standards.
- We may disclose information under a subpoena or summons to government agencies that investigate fraud or other violations of law.

How we protect information: We restrict access to our members' non-public personal information to those employees, agents, consultants and health care providers who need to know that information to provide health products or services. We maintain physical, electronic, and procedural safeguards that comply with state and federal regulations to guard non-public personal financial information from unauthorized access, use and disclosure.
